

operates in the same manner as the predecessor company. Consequently, we preliminarily determine that Shenzhen CSG should be given the same antidumping duty treatment as Shenzhen Benxun.

The cash deposit determination from this changed circumstances review will apply to all entries of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this changed circumstances review. See *Notice of Final Results of Antidumping Duty Changed Circumstances Review: Pressure Sensitive Plastic Tape From Italy* 69 FR 15297, 15298 (March 25, 2004), see also, *Certain Hot-Rolled Lead and Bismuth Carbon Steel Products From the United Kingdom: Final Results of Changed-Circumstances Antidumping and Countervailing Duty Administrative Reviews* 64 FR 66880, 66881 (November 30, 1999). This deposit rate shall remain in effect until publication of the final results of the next administrative review in which Shenzhen CSG participates.

Public Comment

Interested parties are invited to comment on these preliminary results. Parties who submit argument in this proceeding are requested to submit with the argument: (1) a statement of the issue, and (2) a brief summary of the argument. Any interested party may request a hearing within 10 days of the date of publication of this notice. Any hearing, if requested, will be held no later than 25 days after the date of publication of this notice, or the first workday thereafter. Case briefs may be submitted by interested parties not later than 15 days after the date of publication of this notice. Rebuttal briefs, limited to the issues raised in the case briefs, may be filed not later than 20 days after the date of publication of this notice. All written comments shall be submitted in accordance with 19 CFR 351.303. The Department will publish the final results of this changed circumstances review, including its analysis of issues raised in any written comments.

This notice is in accordance with sections 751(b) and 777(i)(1) of the Tariff Act of 1930, as amended, and section 351.221(c)(3)(i) of the Department's regulations.

Dated: May 27, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.

Barium Chloride from The People's Republic of China; Final Results of the Sunset Review of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Expedited Sunset Review of Antidumping Duty Order on Barium Chloride from The People's Republic of China; Final Results.

SUMMARY: On February 2, 2004, the Department of Commerce ("the Department") published the notice of initiation of sunset review on barium chloride from the People's Republic of China ("China"). On the basis of the notice of intent to participate, and adequate substantive comments filed on behalf of a domestic interested party and inadequate response (in this case, no response) from respondent interested party, we determined to conduct an expedited (120-day) sunset review. As a result of this review, we find that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping at the levels listed below in the section entitled "Final Results of Review."

EFFECTIVE DATE: June 7, 2004.

FOR FURTHER INFORMATION CONTACT: Martha V. Douthit, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC, 20230; telephone: (202) 482-5050.

SUPPLEMENTARY INFORMATION:

Background

On February 2, 2004, the Department published the notice of initiation of sunset review of the antidumping duty order on barium chloride from China pursuant to section 751(c) of the Tariff Act of 1930, as amended (the "Act").¹ The Department received Notice of Intent to Participate on behalf of

Chemical Products Corporation ("CPC"), a domestic interested party, within the deadline specified in section 351.218(d)(1)(i) of the Department's Regulations ("Sunset Regulations"). CPC claimed interested party status under Section 771(9)(C) of the Act as a U.S. producer of barium chloride. We received a complete substantive response from CPC within the 30-day deadline specified in the *Sunset Regulations* under section 351.218(d)(3)(I).

We did not receive a substantive response from any interested party respondents in this proceeding. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review of this antidumping duty order.

The order remains in effect for all Chinese manufacturers, producers, and exporters.

Scope of the Order

The merchandise covered by this order is barium chloride, a chemical compound having the formula BaCl₂ or BaCl₂·2H₂O, currently classifiable under item 2827.38.00 of the Harmonized Tariff Schedules (HTS). HTS items numbers are provided for convenience and for Customs purposes. The written descriptions remain dispositive.

Analysis of Comments Received

All issues raised in this case by CPC are addressed in the "Issues and Decision Memorandum" ("Decision Memo") from Ronald K. Lorentzen, Acting Director, Office of Policy, Import Administration, to James J. Jochum, Assistant Secretary for Import Administration, dated June 1, 2004, which is hereby adopted by this notice. The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margin likely to prevail if the finding were to be revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in room B-099 of the main Commerce Building.

In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>, under the heading "June 2004." The paper copy and electronic version of the Decision Memorandum are identical in content.

¹ Initiation of Five-Year (Sunset) Reviews, 69 FR 4921 (February 2, 2004).

Final Results of Review

We determine that revocation of the antidumping duty order on barium

chloride from China would be likely to lead to continuation or recurrence of

dumping at the following percentage weighted-average margins:

Manufacturers/Exporters/Producers	Weighted Average Margin Percent
China National Chemicals Import and Export Corporation (SINOCEM)	155.50
China-wide rate	155.50

This notice also serves as the only reminder to parties subject to administrative protective orders (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305 of the Department’s regulations. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: May 28, 2004.

Jeffrey A. May,

Acting Assistant Secretary for Import Administration.

(C–427–819, C–428–829, C–421–809, C–412–821)

Low Enriched Uranium from France, Germany, the Netherlands, and the United Kingdom: Extension of Final Results of Countervailing Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limit for Final Results of Countervailing Duty Administrative Reviews.

EFFECTIVE DATE: June 7, 2004.

FOR FURTHER INFORMATION CONTACT:

Darla Brown, Office of AD/CVD Enforcement VI, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–2786.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department of Commerce (Department) to make a preliminary determination within 245 days after the last day of the anniversary month of an order/finding for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Background

On February 5, 2004, the Department of Commerce (the Department) published in the **Federal Register** its preliminary results of administrative reviews of the countervailing duty (CVD) orders on low enriched uranium from France, Germany, the Netherlands, and the United Kingdom for the period May 14, 2001, through December 31, 2002 (*see Preliminary Results of Countervailing Duty Administrative Reviews: Low Enriched Uranium from Germany, the Netherlands, and the United Kingdom*, 69 FR 5498 (February 5, 2004) and *Preliminary Results of Countervailing Duty Administrative Review: Low Enriched Uranium from France*, 69 FR 5502 (February 5, 2004)). The final results are currently due no later than June 4, 2004.

Extension of Time Limit for Final Results of Reviews

We determine that these cases are extraordinarily complicated because there are a large number of complex issues which require thorough consideration and analysis by the Department, including numerous existing programs from the original investigation and changes to certain programs found countervailing in the investigation. Therefore, we require more time to properly analyze these issues. As a result, it is not practicable to complete the final results of these reviews within the original time limits. Therefore, the Department is extending

the time limits for completion of the final results until no later than June 30, 2004. This date constitutes a 26–day extension for the administrative reviews of low enriched uranium from France, Germany, the Netherlands, and the United Kingdom.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: May 27, 2004.

Thomas F. Futtner,

Acting Deputy Assistant Secretary for Import Administration.

Small Takes of Marine Mammals Incidental to Specified Activities; Marine Seismic Survey on the Blanco Fracture Zone in the Northeastern Pacific Ocean

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of receipt of application and proposed incidental take authorization; request for comments.

SUMMARY: NMFS has received an application from the Lamont-Doherty Earth Observatory (L-DEO), a part of Columbia University, for an Incidental Harassment Authorization (IHA) to take small numbers of marine mammals, by harassment, incidental to conducting oceanographic seismic surveys on the Blanco Fracture Zone in the Northeastern Pacific Ocean. Under the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to issue an authorization to L-DEO to incidentally take, by harassment, small numbers of several species of cetaceans and pinnipeds for a limited period of time within the next year.

DATES: Comments and information must be received no later than July 7, 2004.
