

raised by the parties in their comments, within 120 days of publication of the preliminary results. The assessment of antidumping duties on entries of merchandise covered by this review and future deposits of estimated duties shall be based on the final results of this review.

Duty Assessments

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. According to 19 CFR 351.212(b)(1), the Department normally will calculate an assessment rate for each importer of subject merchandise covered by the review by dividing the dumping margin found on the subject merchandise examined by the entered value of such merchandise for normal customs duty purposes. In the instant review, for the respondents receiving dumping rates based upon AFA, the Department will instruct CBP to liquidate entries according to the AFA *ad valorem* rate. For the respondents being rescinded from this review, the Department will instruct CBP to assess antidumping duties at the cash deposit rate in effect at the time of entry. The Department will issue appropriate appraisement instructions directly to CBP within fifteen days of publication of the final results of review.

Cash Deposit Rates

The following cash deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of rebar from Korea entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for Dongil and Hanbo will be the rate established in the final results of this review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent review period; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 22.89 percent, the "all others" rate made effective by the LTFV investigation. See *Notice of Final Determination of Sales at Less Than Fair Value: Steel Concrete Reinforcing Bars From the Republic of Korea*, 66 FR

33526 (June 22, 2001). These required cash deposit rates shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: June 2, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION:

I. Notice of Appeal

On October 31, 2003, Villa Marina Yacht Harbour, Inc. (Appellant) filed a notice of appeal with the Secretary of Commerce (Secretary) pursuant to section 307(c)(3)(A) of the Coastal Zone Management Act of 1972 (CZMA), as amended, 16 U.S.C. 1451 *et seq.*, and the Department of Commerce's implementing regulations, 15 CFR part 930, subpart H. The appeal is taken from an objection by the Puerto Rico Planning Board (PRPB) to Appellant's consistency certification for a U.S. Army Corps of Engineers permit for a marina expansion. This project is located in Sardinera Bay, Sardinera Ward, Fajardo, Puerto Rico.

The CZMA provides that a timely objection by a State precludes any Federal agency from issuing licenses or permits for the activity unless the Secretary finds that the activity is either "consistent with the objectives" of the CZMA (Ground I) or "necessary in the interest of national security" (Ground II). Section 307(c)(3)(A). To make such a determination, the Secretary must find that the proposed project satisfies the requirements of 15 CFR 930.121 or 930.122.

The Appellant requests that the Secretary override the State's consistency objections based on Ground I. To make the determination that the proposed activity is "consistent with the objectives" of the CZMA, the Secretary must find that: (1) The proposed activity furthers the national interest as articulated in section 302 or 303 of the CZMA, in a significant or substantial manner; (2) the adverse effects of the proposed activity do not outweigh its contribution to the national interest, when those effects are considered separately or cumulatively; and (3) no reasonable alternative is available that would permit the activity to be conducted in a manner consistent with

enforceable policies of Puerto Rico's management program. 15 CFR 930.121.

II. Public Comments

Written public comments are invited on any of the issues that the Secretary must consider in deciding this appeal. Comments must be received within 30 days of the publication of this notice, and may be submitted by e-mail to villamarina.comments@noaa.gov. Comments may also be sent to Molly Holt, Attorney-Adviser, NOAA Office of the General Counsel for Ocean Services, National Oceanic and Atmospheric Administration, U.S. Department of Commerce, 1305 East-West Highway, Room 6111, Silver Spring, MD 20910. Comments will be made available to the Appellant and the State; they will also be posted on a Department of Commerce Web site identified below.

III. Appeal Documents

NOAA intends to provide the public with access to all materials and related documents comprising the appeal record via the Internet at <http://www.ogc.doc.gov/czma.htm> and, during business hours, at the NOAA Office of the General Counsel for Ocean Services. In addition, copies of public filings by the parties will be available for review at the offices of the Puerto Rico Planning Board.

Dated: May 28, 2004.
