**Materials Technical Advisory Committee; Notice of Partially Closed Meeting**

The Materials Technical Advisory Committee will meet on July 15, 2004, 10:30 a.m., Herbert C. Hoover Building, Room 3884, 14th Street between Constitution & Pennsylvania Avenues, NW., Washington, DC. The Committee advises the Office of the Assistant Secretary for Export Administration with respect to technical questions that affect the level of export controls applicable to materials and related technology.

*Agenda*

Public Session

1. Opening remarks and introductions.
2. Presentation of papers and comments by the public.
3. Discussion of control status of toxic gas monitors.

Closed Session

4. Discussion of matters the premature disclosure of which would be likely to

frustrate implementation of a proposed agency action as described in 5 U.S.C. 552b(c)(9)(B).

A limited number of seats will be available during the public session of the meeting. Reservations are not accepted. To the extent time permits, members of the public may present oral statements to the Committee. Written statements may be submitted at any time before or after the meeting. However, to facilitate distribution of public presentation materials to Committee members, the materials should be forwarded prior to the meeting to Ms. Lee Ann Carpenter at [Lcarpent@bis.doc.gov](mailto:Lcarpent@bis.doc.gov).

The Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on May 28, 2004, pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, that the portion of the meeting dealing with matters the premature disclosure of which would likely frustrate the implementation of a proposed agency action as described in 5 U.S.C. 552b(c)(9)(B) shall be exempt from the provisions relating to public meetings found in 5 U.S.C. app. 2 10(a)1 and 10(a)(3). The remaining portions of the meeting will be open to the public.

For more information, call Lee Ann Carpenter at (202) 482-2583.

Dated: June 7, 2004.

**Initiation of Antidumping Duty Investigations: Chlorinated Isocyanurates From the People's Republic of China and Spain**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Initiation of antidumping duty investigation.

**DATES:** *Effective Date:* June 10, 2004.

**FOR FURTHER INFORMATION CONTACT:** Paige Rivas (Spain) or Sochieta Moth (PRC), Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-0651 or (202) 482-0168, respectively.

**Initiation of Investigations**

*The Petitions*

On May 14, 2004, the Department of Commerce (the Department) received petitions on imports of chlorinated isocyanurates (chlorinated isos) from the People's Republic of China (PRC), and Spain, filed in proper form by Clearon Corporation and Occidental Chemical Corporation (referred to hereafter as "the petitioners"). On May 19, May 20, May 25, and May 26, 2004 the Department requested additional information and clarification of certain areas of the petitions. The petitioners filed supplements to the petitions on May 24, 2004, and May 28, 2004. On June 2, 2004, Arch Chemicals, Inc., a U.S. importer of chlorinated isos from the PRC and Spain, submitted a letter challenging the assertion made by the petitioners that they represent more than 50 percent of the domestic production of chlorinated isos. The petitioners rebutted this challenge to their industry support on June 3, 2004.

In accordance with section 732(b)(i) of the Tariff Act of 1930, as amended (the Act), the petitioners allege that imports of chlorinated isos from the PRC and Spain are being, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Act and that such imports are materially injuring and threaten to injure an industry in the United States.

The Department finds that the petitioners filed these petitions on behalf of the domestic industry because they are interested parties as defined in section 771(9)(c) of the Act and the petitioners have demonstrated sufficient industry support with respect to the antidumping investigations that the petitioners are requesting the Department to initiate.

*Period of Investigations*

The period of investigation (POI) for the PRC is October 1, 2003, through March 31, 2004. The POI for Spain is April 1, 2003, through March 31, 2004.

*Scope of Investigations*

The products covered by these investigations are chlorinated isos. Chlorinated isos are derivatives of cyanuric acid, described as chlorinated s-triazine triones. There are three primary chemical compositions of chlorinated isos: (1) Trichloroisocyanuric acid (Cl<sub>3</sub>(NCO)<sub>3</sub>), (2) sodium dichloroisocyanurate (dihydrate) (NaCl<sub>2</sub>(NCO)<sub>3</sub> • 2H<sub>2</sub>O), and (3) sodium dichloroisocyanurate (anhydrous) (NaCl<sub>2</sub>(NCO)<sub>3</sub>). Chlorinated isos are available in powder, granular,
