ACTION: Notice of Availability of Environmental Assessment and Finding of No Significant Impact.

FOR FURTHER INFORMATION CONTACT:

Kathleen Modes, Nuclear Materials Safety Branch 2, Division of Nuclear Materials Safety, Region I, 475 Allendale Road, King of Prussia, Pennsylvania 19406, telephone (610) 337-5351, fax (610) 337-5269; or by e-mail: kad@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The Nuclear Regulatory Commission (NRC) is considering the issuance of a license amendment to Millipore Corporation's Materials License No. 29-30108-01, to authorize release of its facility in Lincoln Park, New Jersey for unrestricted use. NRC has prepared an Environmental Assessment (EA) in support of this action in accordance with the requirements of 10 CFR Part 51. Based on the EA, the NRC has concluded that a Finding of No Significant Impact (FONSI) is appropriate. The amendment will be issued following the publication of this Notice.

II. EA Summary

The purpose of the proposed action is to authorize the release of the licensee's Lincoln Park, New Jersey facility for unrestricted use. Millipore Corporation (previously known as CPG, Inc.) was authorized by NRC from 1994, to use radioactive materials for research and development purposes at the site. On January 27, 2004, Millipore Corporation requested that NRC release the facility for unrestricted use. Millipore Corporation has conducted surveys of the facility and determined that the facility meets the license termination criteria in Subpart E of 10 CFR Part 20.

The NRC staff has prepared an EA in support of the proposed license amendment.

III. Finding of No Significant Impact

The staff has prepared the EA (summarized above) in support of the proposed license amendment to terminate the license and release the facility for unrestricted use. The NRC staff has evaluated Millipore Corporation's request and the results of the surveys and has concluded that the completed action complies with the criteria in Subpart E of 10 CFR Part 20. The staff has found that the environmental impacts from the proposed action are bounded by the impacts evaluated by the "Generic Environmental Impact Statement in Support of Rulemaking on Radiological Criteria for License Termination of NRC-Licensed Facilities" (NUREG-1496). On the basis of the EA, the NRC has concluded that the environmental impacts from the proposed action are expected to be insignificant and has determined not to prepare an environmental impact statement for the proposed action.

IV. Further Information

The EA and the documents related to this proposed action, including the application for the license amendment and supporting documentation, are available for inspection at NRC's Public Electronic Reading Room at <http://www.nrc.gov/reading-rm/adams.html> (ADAMS Accession Nos. SECURITIES AND EXCHANGE COMMISSION

[File No. 1-13195]

Issuer Delisting; Notice of Application of Industrial Distribution Group, Inc. To Withdraw Its Ordinary Shares, \$.01 Par Value, and Series A Participating Cumulative Preferred Stock Purchase Rights From Listing and Registration on the New York Stock Exchange, Inc.

June 4, 2004.

On May 26, 2004, Industrial Distribution Group, Inc., a Delaware corporation ("Issuer"), filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 12d2-2(d) thereunder,² to withdraw its Ordinary Shares, \$.01 par value, and Series A Participating Cumulative Preferred Stock Purchase Rights ("Securities"), from listing and registration on the New York Stock Exchange, Inc. ("NYSE" or "Exchange").

The Board of Directors ("Board") of the Issuer approved a resolution on April 28, 2004 to withdraw the Issuer's Securities from listing on the NYSE and to list the Securities on the NASDAQ National Market ("NASDAQ"). The Board believes that the change in the profile of the public ownership of the Issuer's Securities makes the NASDAQ a more appropriate market for the Issuer's Securities. The Board also believes that recent internal developments at the NYSE could adversely affect the Issuer and the listing and trading of its Securities. The application states that this includes uncertainty about the continued listing criteria the NYSE will apply in the future. In addition, the Issuer expects that it and its shareholders will derive positive benefits from listing on the NASDAQ. The Issuer believes such expected benefits include the potential for several broker-dealers to make a market in the Securities, which in its opinion, should result in enhanced liquidity, better price discovery, and additional sources of information for investors seeking to trade in the Securities. The Issuer believes that, as a result of the dynamics of the NASDAQ market, the differential between bid and ask prices in trading transactions will be improved, to the benefits of investors.

The Issuer stated in its application that it has complied with the NYSE's rules governing an issuer's voluntary withdrawal of a security from listing

² 17 CFR 240.12d2-2(d).

and registration. The Issuer's application relates solely to the Securities' withdrawal from listing on the NYSE and from registration under Section 12(b) of the Act,³ and shall not affect its obligation to be registered under Section 12(g) of the Act.⁴

Any interested person may, on or before June 29, 2004, comment on the facts bearing upon whether the application has been made in accordance with the rules of the NYSE and what terms, if any, should be imposed by the Commission for the protection of investors. Issuer Delisting; Notice of Application of Kyzen Corporation To Withdraw Its Common Stock, \$.01 Par Value, and Warrants From Listing and Registration on the Boston Stock Exchange, Inc.

June 4, 2004.

On June 1, 2004, Kyzen Corporation, a Tennessee corporation ("Issuer"), has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 12d2-2(d) thereunder,² to withdraw its Common Stock, \$.01 par value and Warrants ("Securities"), from listing and registration on the Boston Stock Exchange, Inc. ("BSE" or "Exchange").

On April 27, 2004, the Board of Directors ("Board") of the Issuer approved a resolution to withdraw the Securities from listing and registration on the BSE. The Issuer states that it has maintained its listing on the BSE to assure a national market for its Securities. However, in the last five years, there has been only one transaction on the BSE involving the Issuer's Common Stock, and only limited transactions involving the Issuer's Warrants, which have been trading at significantly less than their exercise price for several years. Therefore, the Issuer's Board determined that the annual cost of maintaining the listing is an unnecessary expense. The Issuer states that the Securities are currently quoted on the Over-the-Counter Bulletin Board.

The Issuer states in its application that it has complied with BSE's procedures for delisting by complying with all applicable laws in effect in the State of Tennessee, the state in which it is incorporated. The Issuer's application relates solely to withdrawal of the Securities from listing on the BSE and from registration under Section 12(b) of the Act,³ and shall not affect its obligation to be registered under Section 12(g) of the Act.⁴

Any interested person may, on or before June 29, 2004, comment on the facts bearing upon whether the application has been made in accordance with the rules of the BSE and what terms, if any, should be imposed by the Commission for the
