n. *Scoping Process:* The Commission intends to prepare an Environmental Impact Statement (EIS) on the project in accordance with the National Environmental Policy Act. The EIS will consider both site-specific and cumulative environmental impacts and reasonable alternatives to the proposed action.

#### Additional Scoping Meetings

FERC staff will hold two additional scoping meetings to solicit agency and public input for this relicensing proceeding. Over the period May 18-May 21, FERC staff held four scoping meetings in the project area and participated in a site visit. We invite all interested agencies, non-governmental organizations, Native American tribes, and individuals to attend one or more of these additional meetings and to assist the staff in identifying the scope of environmental issues to be analyzed in the EIS. The times and locations of these meetings are as follows:

##### Agency Scoping Meeting

*When:* Tuesday, June 22, 2004, 1 p.m. to 4 p.m. (p.s.t).

*Where:* Red Lion Inn, 1929 Fourth Street, Eureka, California.

##### Public Scoping Meeting

Where: Red Lion Inn, 1929 Fourth Street, Eureka, California.

Copies of Scoping Document (SD1), outlining the subject areas to be addressed in the EIS, were distributed to the parties on the Commission's mailing list on April 16, 2004. Additional copies of the SD1 will be available at the scoping meeting or may be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link (see item m above).

### Objectives

At the scoping meetings, the staff will: (1) Summarize the environmental issues tentatively identified for analysis in the EIS; (2) solicit from the meeting participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the EIS, including viewpoints in opposition to, or in support of, the staff's preliminary views; (4) determine the resource issues to be addressed in the EIS; and (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis.

### Procedures

The meetings are recorded by a stenographer and become part of the formal record of the Commission proceeding on the project.

Individuals, organizations, and agencies with environmental expertise and concerns are encouraged to attend the meeting and to assist the staff in defining and clarifying the issues to be addressed in the EIS.

### Extension of Comment Period

Our April 16, 2004, notice established June 21, 2004, as the deadline for filing scoping comments in this proceeding. In light of these additional scoping meetings, the deadline for filing scoping comments in this proceeding is extended until July 22, 2004.
