VIII. Other Information

It is suggested that applicants visit the Agricultural Resource Marketing Center (AgMRC) Web site (<http://www.agmrc.org>) for additional information on value-added agriculture. AgMRC brings together experts from three of the nation's leading agricultural universities—Iowa State University, Kansas State University and the University of California—into a dynamic, electronically based center to create and present information about value-added agriculture. The center draws on the abilities, skills and knowledge of leading economists, business strategists and outreach specialists to provide reliable information needed by independent producers to achieve success and profitability in value-added agriculture. Partial support for the center is derived from a grant administered by RBS.
