SUPPLEMENTARY INFORMATION:

I. Abstract

The Marine Mammal Protection Act requires any commercial fisher operating in Category I and II fisheries to register for a certificate of authorization that will allow the fisher to take marine mammals incidental to commercial fishing operations. Category I and II fisheries are those identified by NOAA as having either frequent or occasional takings of marine mammals.

Some states have integrated the National Marine Fisheries Service (NMFS) registration process into the existing state fishery registration process and fishers in those fisheries do not need to file a separate federal registration. If applicable, vessel owners will be notified of this simplified registration process when they apply for their state or Federal permit or license.

II. Method of Collection

Fishers mail in an application for exemption made available to them in the NMFS regions and through fishery organizations, at fishing docks, on NMFS web page, etc. Renewal notifications are mailed to registered fishers and must be returned through the mail with the required registration fee.
