Notice of Funding Availability for Advance Planning Grants—Request for Grant Proposals

AGENCY: Office of Economic Adjustment, DoD.

ACTION: Notice.

Announcement type: New.
Catalog of Federal Domestic Assistance (CFDA) Number: 12.614
Community Economic Adjustment Assistance for Advance Planning.

Key Dates: Proposals will be accepted and processed as received on a continuing basis commencing June 17, 2004.

Executive Summary: The Office of Economic Adjustment (OEA) is authorized by Section 2391(b)(5) of Title 10, United States Code, to award planning assistance in the form of Advance Planning Grants to State, regional governmental organizations or local governments whose economic activity or population is dependent on Defense expenditures. Receipt of such planning assistance cannot prejudice a community in the Defense Base Closure and Realignment process because Section 2903(c)(3)(B) of the Defense Base Closure and Realignment Act of 1990, Public Law 101-510, provides that "in considering military installations for closure or realignment, the Secretary may not take into account for any purpose any advance planning undertaken by an affected community with respect to anticipated closure or realignment of an installation."

Assistance provided under this notice supports planning activities for community adjustment and economic diversification in response to local economic dependency on military, Department of Defense (DoD) civilian, or defense industry expenditures and can

be used to support the preparation of: Diversification plans to lessen local economic dependency on Defense expenditures; local plans for organizing a community in response to a base closure or realignment; and/or preliminary strategies and schematic plans for the potential reuse or redevelopment of existing bases. Assistance may be provided to States, regional governmental organizations or local governments, or States on behalf of local governments that demonstrate this economic dependency. A local match of at least 10 percent of the total project cost will be required for awards under this notice.

I. Funding Opportunity Description

OEA is a DoD Field Activity authorized to make grants to assist State, regional governmental organizations or local governments in planning community adjustments and economic diversification if a substantial portion of the economic activity or population of a geographic area is dependent on Defense expenditures. Assistance provided under this notice supports planning activities for community adjustment and economic diversification in response to local economic dependency on military, DoD civilian, or defense industry expenditures, and can be used to support the preparation of: diversification plans to lessen local economic dependency on Defense expenditures; local plans for organizing a community in response to a base closure or realignment; and preliminary strategies and schematic plans for the potential reuse or redevelopment of existing bases. States, regional governmental organizations and local governments, or States on behalf of local governments are eligible applicants for assistance.

II. Award Information

One Advance planning Grant, up to \$175,000, may be awarded per base-related locale under this notice. Applicants shall ensure not less than 10% of the total project costs are derived from non-Federal sources. OEA will notify applicants within 30 days of receipt of a proposal whether their proposal was successful and invite such successful applicants to submit an electronic grant (eGrant) application.

III. Eligibility Information

Eligible applicants are States, regional governmental organizations or local governments, or States on behalf of local governments. States applying on behalf of local governments shall include
