

applications and applications that are non-responsive to the eligibility criteria will not advance through the review process. Applicants will be notified that their application did not meet submission requirements.

An objective review panel will evaluate complete and responsive applications according to the criteria listed in the "V.1. Criteria" section above.

Applicants may apply for any or all of the target populations or settings. A separate application should be submitted for each setting or population proposed. Applications from each target population will be evaluated independently by the objective review panel and will be ranked against applications from the same target population according to the Evaluation Criteria.

In addition, the following factors may affect the funding decision:

Preference will be given to applicants who propose settings which will provide a diverse ethnic, racial or risk population with regard to the overall selection of venues participating in the demonstration projects.

V.3. Anticipated Announcement and Award Dates

Awards will be issued on or about September 1, 2004.

VI. Award Administration Information

VI.1. Award Notices

Successful applicants will receive a Notice of Grant Award (NGA) from the CDC Procurement and Grants Office. The NGA shall be the only binding, authorizing document between the recipient and CDC. The NGA will be signed by an authorized Grants Management Officer, and mailed to the recipient fiscal officer identified in the application.

Unsuccessful applicants will receive notification of the results of the application review by mail.

VI.2. Administrative and National Policy Requirements

45 CFR Part 74 and Part 92

For more information on the Code of Federal Regulations, see the National Archives and Records Administration at the following Internet address: <http://www.access.gpo.gov/nara/cfr/cfr-table-search.html>.

The following additional requirements apply to this project:

- AR-2 Requirements for Inclusion of Women and Racial and Ethnic Minorities in Research

Proposed Projects

Title: Survey of Early Head Start
 Programs.

OMB No.: New Collection.

Description: The Head Start
 Reauthorization Act of 1994 established
 a special initiative creating funding for
 services for families with infants and
 toddlers. In response, the
 Administration on Children, Youth and
 Families (ACYF) within the

Administration for Children and
 Families (ACF) developed the Early
 Head Start program. Early Head Start
 programs are designed to produce
 outcomes in four domains: (1) Child
 development, (2) family development,
 (3) staff development, and (4)
 community development. As a
 requirement of the Reauthorization Act,
 ACYF funded a rigorous randomized
 trial to study the effectiveness of Early
 Head Start programs, sampling from 17
 programs funded in the initial years.
 That research found positive effects of
 the program overall in a variety of areas,
 as well as effects for different program
 types and levels of implementation, and
 among study participants with different
 characteristics.

The aim of the current research is to
 obtain a national picture of Early Head
 Start. This initiative will begin a process
 of describing how the Early Head Start
 initiative has grown over time, how
 programs are currently implementing
 services, and who is being served. The
 study will be conducted between
 September 2004 and May 2005.

The data will consist of a survey of all
 Early Head Start programs in October
 2004 and site visits to a selected sample
 of 25 programs in early 2005. All data
 collection instruments have been
 designed to minimize the burden on
 respondents by minimizing the time
 required to respond. Participation in the
 study is voluntary.

The results of the research will be
 used by the Head Start Bureau and ACF
 to gain a better understanding of
 changes in program processes and
 services over time, to identify areas of
 strength and weakness in order to target
 training and technical assistance or
 further research efforts, and finally, to
 provide a broader context for lessons
 learned from the impact study.

Respondents: Early Head Start
 directors, Early Head Start coordinators
 and specialists, teachers, home visitors,
 and parents of Early Head Start
 children.

Annual Burden Estimates

Estimated Response Burden for
 Respondents to the Survey of Early
 Head Start Programs

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Annual burden hours
Survey of Programs (2004)	^a 595	1	3.0	1,785.0
Site Visit Protocol (2005):				
Director Protocol	25	1	3.0	75.0
Coordinator/Specialist Protocol: ^b				
Community Partnership	25	1	1.0	25.0
Disabilities	25	1	1.0	25.0
Early Childhood	25	1	1.0	25.0
Family Partnership	25	1	1.0	25.0
Home Visiting	25	1	1.0	25.0
Teacher Protocol ^c	125	1	1.5	187.5
Home Visitor Protocol ^c	125	1	1.5	187.5
Parent Protocol ^c	125	1	1.5	187.5
Total for Site Visits	525	762.5

^a Assumes 85 percent response rate for the survey.

^b Not all programs will have staff in each position, therefore, burden estimates for some programs may be overstated.

^c Assumes group interviews with up to five individuals per site. Assumes that all sites have both home visitors and teachers, although when that is not the case, the burden estimates will be overstated.

*Estimated Total Annual Burden
 Hours: 2,547.5.*

In compliance with the requirements
 of section 3506(c)(2)(A) of the
 Paperwork Reduction Act of 1995, the
 Administration for Children and
 Families is soliciting public comment
 on the specific aspects of the
 information collection described above.
 Copies of the proposed collection of
 information can be obtained and
 comments may be forwarded by writing
 to the Administration for Children and
 Families, Office of Information Services,
 370 L'Enfant Promenade, SW.,
 Washington, DC 20447, Attn: ACF
 Reports Clearance Officer. All requests

should be identified by the title of the
 information collection. E-mail address:
grjohnson@acf.hhs.gov.

The Department specifically requests
 comments on: (a) Whether the proposed
 collection of information is necessary
 for the proper performance of the
 functions of the agency, including
 whether the information shall have
 practical utility; (b) the accuracy of the
 agency's estimate of the burden of the
 proposed collection of information; (c)
 the quality, utility, and clarity of the
 information to be collected; and (d)
 ways to minimize the burden of the
 collection of information on
 respondents, including through the use

of automated collection techniques or
 other forms of information technology.
 Consideration will be given to
 comments and suggestions submitted
 within 60 days of this publication.

Dated: June 16, 2004.
