SUPPLEMENTARY INFORMATION

Background

On January 2, 2004, the Department initiated, and the Commission instituted, sunset reviews of the antidumping duty findings on prestressed concrete wire strand from Japan and pressure sensitive plastic tape from Italy pursuant to section 751(c) of the Act.³ As a result of its reviews, the Department found that revocation of the antidumping duty findings would be likely to lead to continuation or recurrence of dumping, and notified the Commission of the magnitude of the margins likely to prevail were the order to be revoked. See *Department's Final Results*.

On June 14, 2004, the Commission determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty findings on prestressed concrete wire strand from Japan and pressure sensitive plastic tape from Italy would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. Scope

Italy

The above described PSPT was classified under Harmonized Tariff Schedule ("HTS") subheadings 3919.90.20 and 3919.90.50. The HTS subheadings are provided for convenience and for U.S. Customs purposes. The written description remains dispositive as the scope of the product coverage.

Japan

The products covered in this sunset review are shipments of steel wire strand, other than alloy steel, not galvanized, which are stress-relieved and suitable for use in prestressed concrete. Such merchandise is currently classifiable under HTS item number 7312.10.30.12. The HTS item number is provided for convenience and Customs purposes. The written description remains dispositive as the scope of the product coverage.

Determination

As a result of the determinations by the Department and the Commission that revocation of these antidumping duty findings would be likely to lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty findings on prestressed concrete wire strand from Japan and pressure sensitive plastic tape from Italy.

The Department will instruct Customs to continue to collect antidumping duty deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of continuation of these findings will be the date of publication in the **Federal Register** of this Notice of Continuation. Pursuant to section 751(c)(2) and 751(c)(6) of the Act, the Department intends to initiate the next five-year review of these findings not later than May 2009.

Countervailing Duty Order on Stainless Steel Sheet and Strip in Coils from France: Rescission of Five-Year ("Sunset") Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Stainless Steel Sheet and Strip in Coils from France: Rescission of Five-Year ("Sunset") Review.

SUMMARY: On June 1, 2004, the Department of Commerce ("the Department") pursuant to section 751(d)(2) of the Tariff Act of 1930, as amended ("the Act"), published a Notice of Initiation of Five-Year ("Sunset") Reviews (Sunset Initiation Notice) of the antidumping duty orders on stainless steel sheet and strip from France, Germany, Italy, Japan, Korea, Mexico, Taiwan, and the United Kingdom, and the countervailing duty orders on stainless steel sheet and strip from France, Italy, and Korea.¹ Subsequent to the issuance of the Sunset Initiation Notice, we discovered an error. As a result, we are rescinding initiation of the sunset review with respect to the countervailing duty order on stainless sheet and strip in coils from France. The International Trade Commission is publishing concurrently with this notice its rescission of its notice of Institution of Five-Year Review.

EFFECTIVE DATE: June 25, 2004.

FOR FURTHER INFORMATION CONTACT: Martha V. Douthit, Office of Policy for Import Administration, International Trade Administration, U.S. Department of Commerce, 14th St. & Constitution Ave., NW., Washington, DC 20230; telephone (202) 482-5050.

SUPPLEMENTARY INFORMATION:

Background

On June 1, 2004, the Department published in the *Federal Register*, the Sunset Initiation Notice for the antidumping duty orders on stainless steel sheet and strip in coils from

France, Germany, Italy, Japan, South Korea, Mexico, Taiwan, and the United Kingdom, and the countervailing duty orders on stainless steel sheet and strip in coils from France, Italy, and South Korea. Subsequent to the publication of the Sunset Initiation Notice, we discovered an error.

Rescission of Review

In our Initiation Notice, we indicated that we were initiating five-year sunset reviews in accordance with 19 CFR 351.218(c). In the *Initiation of Reviews* section of our Initiation Notice, we initiated a sunset review of the countervailing duty order on stainless steel and strip in coils from France. However, this order was revoked effective November 7, 2003, in implementing certain determinations under Section 129 of the Uruguay Round Agreements Act.² Therefore, we are rescinding the sunset review of the countervailing duty order of stainless steel sheet and strip in coils from France. The sunset review of the antidumping duty order of stainless steel sheet and strip in coils from France will continue.

This amendment is issued and published in accordance with section 777(i) of the Act.

Dated: June 14, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.
