## COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

### Request for Public Comments on Commercial Availability Petition under the United States - Caribbean Basin Trade Partnership Act (CBTPA)

June 22, 2004.

**AGENCY:** The Committee for the  
Implementation of Textile Agreements

**ACTION:** Request for public comments  
concerning a petition for a  
determination that certain dyed, two  
way stretch twill woven fabric cannot be  
supplied by the domestic industry in  
commercial quantities in a timely  
manner under the CBTPA.

**SUMMARY:** On June 18, 2004, the  
Chairman of CITA received a petition  
from Grunfeld, Desiderio, Lebowitz,  
Silverman & Klestadt, LLP, on behalf of  
Pressman-Gutman Co., Inc., alleging that  
certain dyed, two way stretch twill  
woven fabric, of three ply yarns  
composed of 62 percent staple  
polyester, 33 percent staple rayon and 5  
percent filament spandex, of the  
specifications detailed below, classified  
in subheading 5515.11.0040 of the  
Harmonized Tariff Schedule of the  
United States (HTSUS), cannot be  
supplied by the domestic industry in  
commercial quantities in a timely  
manner. It requests that apparel articles  
of such fabrics assembled in one or  
more CBTPA beneficiary countries be  
eligible for preferential treatment under  
the CBTPA. CITA hereby solicits public  
comments on this petition, in particular  
with regard to whether this fabric can be  
supplied by the domestic industry in  
commercial quantities in a timely  
manner. Comments must be submitted  
by July 12, 2004 to the Chairman,  
Committee for the Implementation of  
Textile Agreements, Room 3001, United  
States Department of Commerce, 14th  
and Constitution, N.W., Washington,  
D.C. 20230.

**FOR FURTHER INFORMATION CONTACT:**  
Janet E. Heinzen, International Trade  
Specialist, Office of Textiles and  
Apparel, U.S. Department of Commerce,  
(202) 482-3400.

**SUPPLEMENTARY INFORMATION:**

**Authority:** Section 213(b)(2)(A)(v)(II) of the  
CBERA, as added by Section 211(a) of the  
CBTPA; Section 6 of Executive Order No.  
13191 of January 17, 2001.

### BACKGROUND:

The CBTPA provides for quota- and  
duty-free treatment for qualifying textile  
and apparel products. Such treatment is  
generally limited to products  
manufactured from yarns or fabrics  
formed in the United States. The CBTPA  
also provides for quota- and duty-free  
treatment for apparel articles that are  
both cut (or knit-to-shape) and sewn or  
otherwise assembled in one or more  
CBTPA beneficiary countries from fabric  
or yarn that is not formed in the United  
States, if it has been determined that  
such fabric or yarn cannot be supplied  
by the domestic industry in commercial  
quantities in a timely manner. In  
Executive Order No. 13191, the  
President delegated to CITA the  
authority to determine whether yarns or  
fabrics cannot be supplied by the  
domestic industry in commercial  
quantities in a timely manner under the  
CBTPA and directed CITA to establish  
procedures to ensure appropriate public  
participation in any such determination.  
On March 6, 2001, CITA published  
procedures that it will follow in  
considering requests. (66 FR 13502).

On June 18, 2004, the Chairman of  
CITA received a petition on behalf of  
Pressman-Gutman Co., Inc., alleging that  
certain dyed, two way stretch twill  
woven fabric, of three-ply yarns  
composed of 62 percent staple  
polyester, 33 percent staple rayon and 5  
percent filament spandex, of the  
specifications detailed below, classified  
in subheading 5515.11.0040 of the  
Harmonized Tariff Schedule of the  
United States (HTSUS), cannot be  
supplied by the domestic industry in  
commercial quantities in a timely  
manner and requesting quota- and duty-  
free treatment under the CBTPA for  
apparel articles that are cut and sewn in  
one or more CBTPA beneficiary  
countries from such fabrics.

### Specifications:

Construction: 40.9 warp ends per  
centimeter, 27.6 filling picks per  
centimeter

3 Ply Yarn: two size 40 c.c. polyester/  
rayon blend staple yarns combined  
with a 40 denier filament spandex  
yarn in both the warp and the  
filling

Weight: Approximately 285 g/m<sup>2</sup>.

CITA is soliciting public comments  
regarding this request, particularly with  
respect to whether this fabric can be  
supplied by the domestic industry in  
commercial quantities in a timely

manner. Also relevant is whether other  
fabrics that are supplied by the domestic  
industry in commercial quantities in a  
timely manner are substitutable for the  
fabric for purposes of the intended use.  
Comments must be received no later  
than July 12, 2004. Interested persons  
are invited to submit six copies of such  
comments or information to the  
Chairman, Committee for the  
Implementation of Textile Agreements,  
room 3100, U.S. Department of  
Commerce, 14th and Constitution  
Avenue, N.W., Washington, DC 20230.

If a comment alleges that this fabric  
can be supplied by the domestic  
industry in commercial quantities in a  
timely manner, CITA will closely  
review any supporting documentation,  
such as a signed statement by a  
manufacturer of the fabric stating that it  
produces the fabric that is the subject of  
the request, including the quantities that  
can be supplied and the time necessary  
to fill an order, as well as any relevant  
information regarding past production.

CITA will protect any business  
confidential information that is marked  
"business confidential" from disclosure  
to the full extent permitted by law.  
CITA will make available to the public  
non-confidential versions of the request  
and non-confidential versions of any  
public comments received with respect  
to a request in room 3100 in the Herbert  
Hoover Building, 14th and Constitution  
Avenue, N.W., Washington, DC 20230.  
Persons submitting comments on a  
request are encouraged to include a non-  
confidential version and a non-  
confidential summary.

## COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

### Shipments of Cotton, Wool, Man-Made Fiber, Silk Blend and Other Vegetable Fiber Textiles and Apparel in Excess of Agreement Limits

June 22, 2004.

**AGENCY:** The Committee for the  
Implementation of Textile Agreements  
(CITA).

**ACTION:** Notice

**FOR FURTHER INFORMATION CONTACT:**  
Philip J. Martello, Director, Trade and  
Data Division, Office of Textiles and  
Apparel, U.S. Department of Commerce,  
(202) 482-3400.

**SUPPLEMENTARY INFORMATION:**

**Authority:** Executive Order 11651 of March 3, 1972, as amended; Section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854).

It has come to CITA's attention that some textile and apparel products may be shipped in excess of 2004 annual quota limits with the expectation that they will be allowed entry on January 1, 2005.

This notice serves to remind interested parties that charges against the limits subject to U.S. bilateral agreements, the Uruguay Round Agreements Act and the Uruguay Round Agreement on Textiles and Clothing (ATC) are by date of export and not date of entry. Shipments exported in 2004 in excess of agreed limits are in violation of the terms of these agreements.

The purpose of this notice is to advise the public that CITA reserves the right under the bilateral agreements, the Uruguay Round Agreements Act and the ATC to deny entry to goods that have been shipped in excess of 2004 limits; or to stage entry in 2005 to merchandise exported during 2004 which exceed the restraint limit(s) established for that period.

A properly completed visa, electronic visa (ELVIS) transmission, Guaranteed Access Level (GAL) certification, or exempt certification will be required for all shipments exported in 2004, regardless of the date of entry into the United States.

Textile and apparel goods that are the product of countries that are members of the World Trade Organization (WTO) and that are exported from the country of origin on or after January 1, 2005 will not require a visa, ELVIS transmission, GAL certification, or exempt certification to enter the United States. For goods that are the product of countries that are not members of the WTO, currently applicable requirements will remain in effect.

**D. Michael Hutchinson,**

**BILLING CODE 3510-DR-S**

**CONSUMER PRODUCT SAFETY COMMISSION****Notice of Submission for OMB Review of Collection of Information Approval Extension and Request for Comments—Safety Standard for Multi-Purpose Lighters**

**AGENCY:** Consumer Product Safety Commission.

**ACTION:** Notice.

**SUMMARY:** In the **Federal Register** of March 30, 2004 (69 FR 16526), the Consumer Product Safety Commission published a notice in accordance with provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) to announce the agency's intention to seek extension of approval of the collection of information in the Safety Standard for Multi-Purpose Lighters. 16 CFR part 1212. No comments were received in response to the March 30, 2004 notice. The Commission now announces that it has submitted to the Office of Management and Budget (OMB) a request for extension of approval of that collection of information without change for a period of three years from the date of approval.

Section 14(a) of the Consumer Product Safety Act (CPSA) (15 U.S.C. 2063(a)) requires manufacturers, importers, and private labelers of a consumer product subject to a consumer product safety standard to issue a certificate stating that the product complies with all applicable consumer product safety standards. Section 14(a) of the CPSA also requires that the certificate of compliance must be based on a test of each product or upon a reasonable testing program.

Section 14(b) of the CPSA authorizes the Commission to issue regulations to prescribe a reasonable testing program to support certificates of compliance with a consumer product safety standard. Section 16(b) of the CPSA (15 U.S.C. 2065(b)) authorizes the Commission to issue rules to require that firms "establish and maintain" records to permit the Commission to determine compliance with rules issued under the authority of the CPSA.

The Commission has issued regulations prescribing requirements for a reasonable testing program to support certificates of compliance with the standard for multi-purpose lighters. These regulations require manufacturers and importers to submit a description of each model of lighter, results of prototype qualification tests for compliance with the standard, and other information before the introduction of each model of lighter into commerce. These regulations also require manufacturers, importers, and private labelers of multi-purpose lighters to establish and maintain records to demonstrate successful completion of all required tests to support the certificates of compliance that they issue. 16 CFR part 1212, subpart B.

The Commission uses the information compiled and maintained by manufacturers, importers, and private

labelers of multi-purpose lighters to protect consumers from risks of accidental deaths and burn injuries associated with those lighters. More specifically, the Commission uses this information to determine whether lighters comply with the standard by resisting operation by young children. The Commission also uses this information to obtain corrective actions if multipurpose lighters fail to comply with the standard in a manner that creates a substantial risk of injury to the public.

OMB approved the collection of information in the certification regulations for multi-purpose lighters under control number 3041-0130. OMB's current approval will expire on July 31, 2004. The Commission is requesting an extension of approval without change for these collection of information requirements.

**Additional Information About the Request for Extension of Approval of Information Collection Requirements**

*Agency address:* Consumer Product Safety Commission, Washington, DC 20207.

*Title of information collection:* Safety Standard for Multi-Purpose Lighters. 16 CFR part 1212.

*Type of request:* Extension of approval.

*General description of respondents:* Manufacturers and importers of multi-purpose lighters.

*Estimated number of respondents:* 100.

*Estimated average number of hours per respondent:* 100 per year.

*Estimated number of hours for all respondents:* 10,000 per year.

*Estimated cost of collection for all respondents:* \$244,800 per year.

*Comments:* Comments on this request for reinstatement of approval of information collection requirements should be submitted by July 26, 2004, to (1) The Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for CPSC, Office of Management and Budget, Washington, DC 20503; telephone: (202) 395-7340, and (2) the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207. Written comments may also be sent to the Office of the Secretary by facsimile at (301) 504-0127 or by e-mail at [cpssc-os@cpssc.gov](mailto:cpssc-os@cpssc.gov).

Copies of this request for renewal of the information collection requirements and supporting documentation are available from Linda Glatz, management and program analyst, Office of Planning and Evaluation, Consumer Product
