IC). In accordance with the Paperwork Reduction Act of 1995, 44 U.S.C. 3506(c)(2)(A)), AHRQ invites the public to comment on this proposed information collection.

DATES: Comments on this notice must be received by August 30, 2004.

ADDRESSES: Written comments should be submitted to: Cynthia McMichael, Reports Clearance Officer, AHRQ, 540 Gaither Road, Room 5202, Rockville, MD 20850.

SUPPLEMENTARY INFORMATION:

Proposed Project

2004–2006 Medical Expenditure Panel Survey—Insurance Component (MEPS–IC).

The MEPS–IC, an annual survey of the characteristics of employer-sponsored health insurance, was first conducted by AHRQ in 1997 for the calendar year 1996. The survey has since been conducted annually for calendar years 1997 through 2003. AHRQ proposes to continue this annual survey of establishments for calendar years 2004 through 2006. The survey data for calendar year 2004 will be collected in 2005. Likewise, calendar year 2005 will be collected in 2006 and calendar year 2006 data in 2007. The survey will collect information from both public and private employers.

This survey will be conducted for AHRQ by the Bureau of the Census using a sample comprised of:

1. An annual sample of employers selected from Census Bureau lists of private sector employers and governments (known as the List Sample), and
2. An every fourth year sample of employers identified by respondents to the MEPS–Household Component (MEPS–HC) for the same calendar year (known as the Household Sample). The MEPS–HC is an annual household survey designed to collect information concerning health care expenditures and related data for individuals. This sample is next scheduled to be collected for the 2006 survey year.

Data to be collected from each employer will include a description of the business (e.g., size, industry) and descriptions of health insurance plans available, plan enrollments, total plan costs and costs to employees.

Data Confidentiality Provisions

MEPS–IC List Sample data confidentiality is protected under the U.S. Census Bureau confidentiality statute, Section 9 of Title 13, United States Code. MEPS–IC Household Sample data confidentiality is protected under sections 308(d) and 924(c) of the Public Health Service Act (42 U.S.C. 242m and 42 U.S.C. 299c–3(c)).

Section 308(d), the confidentiality statute of the National Center for Health Statistics, is applicable because the MEPS–HC sample is derived from respondents of an earlier NCHS survey. Section 924(c), the confidentiality statute of AHRQ, applies to all data collected for research that is supported by AHRQ. All data products listed below must fully comply with the data confidentiality statute under which the raw data was collected as well as any additional confidentiality provisions that apply.

Data Products

Data will be produced in three forms: (1) Files derived from the Household Sample, which can be linked back to other information from household respondents in the MEPS–HC, will be available to researchers at the AHRQ Research Data Center; (2) files containing employer information from the List Sample will be available for use by researchers at the Census Bureau's Research Data Centers; and (3) a large compendium of tables of estimates, also based on List Sample data, will be produced and made available on the AHRQ website. These tables will contain descriptive, but non-identifiable statistics, such as, numbers of establishments offering health insurance, average premiums, average contributions, total enrollments, numbers of self insured establishments and other related statistics for a large number of population subsets defined by firm size, state, industry and establishment characteristics, such as, age, profit/nonprofit status and union/non-union.

The data are intended to be used for purposes such as:

- Generating national and State estimates of employer health insurance offerings;
- Producing estimates to support the Bureau of Economic Analysis and the Center for Medicare and Medicaid Services in their production of health care expenditure estimates for the National Health Accounts and the Gross Domestic Product;
- Producing national and State estimates of spending on employer-sponsored health insurance to study the
