Conveyance of Mineral Interest in New Mexico

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of segregation.

SUMMARY: The mineral interests owned by the United States in the land described in this notice, containing approximately 10.00 acres, are segregated and made unavailable for filings under the general mining laws and the mineral leasing laws to

determine the suitability for conveyance of the reserved mineral interests pursuant to section 209 of the Federal Land Policy and Management Act of October 21, 1976. The mineral interests may be conveyed in whole or in part upon favorable mineral examination. The purpose is to allow consolidation of surface and subsurface of minerals ownership where there are no known mineral values or in those instances where the reservation interferes with or precludes appropriate non-mineral development and such development is a more beneficial use of the land than the mineral development.

Minerals Reservation—All Minerals

SUPPLEMENTARY INFORMATION: Upon publication of this Notice of Segregation in the **Federal Register** as provided in 43 CFR 2720.1-1(b), the mineral interests owned by the United States in the private land covered by the application shall be segregated to the extent that they will not be subject to appropriation under the mining and mineral leasing laws. The segregative effect of the application shall terminate upon: issuance of a patent or deed to such mineral interest; upon final rejection of the application; or two years from the date of publication of this notice, whichever occurs first.

Notice of Meetings and Hearing, Subcommittee of the Southwest Resource Advisory Council (Colorado), Public Hearing, and Open Houses

AGENCY: Bureau of Land Management, Interior, U.S. Forest Service, Agriculture.

ACTION: Notice of public meetings and hearing.

SUMMARY: In accordance with the Federal Land Policy and Management

Act and the Federal Advisory Committee Act of 1972, a subcommittee of the U.S. Department of the Interior, Bureau of Land Management (BLM) Southwest Resource Advisory Council (RAC), will meet three times as indicated below. In addition, one public hearing and three public open houses will be held. The public hearing, open houses, and RAC subcommittee meetings are for the purpose of obtaining public input on the Northern San Juan Basin Coal Bed Methane Environmental Impact Statement being prepared by the Bureau of Land Management and the U.S. Forest Service.

DATES: The public hearing will be held on July 14, 2004, from 6 p.m. to 10 p.m. The hearing will be held in Bayfield, Colorado. Open houses will be held on July 19, 2004, in Durango, Colorado; July 20, 2004, in Pagosa Springs, Colorado; and July 21, 2004, in Bayfield, Colorado and July 28, 2004 in Ignacio, Colorado. Each of the four open houses will be held from 4 p.m. to 7 p.m. Meetings of the subcommittee of the Southwest RAC will be held on August 11, 2004, in Bayfield, Colorado; August 17, 2004, in Pagosa Springs, Colorado; and August 19, 2004, in Durango, Colorado. Each of the RAC subcommittee meetings will be held from 6 p.m. to 9 p.m.

SUPPLEMENTARY INFORMATION: A total of six public meetings and one public hearing will be held in Southwestern Colorado to receive public input on the Northern San Juan Basin Coal Bed Methane Environmental Impact Statement (EIS) during the public comment period for the draft EIS. Three of these meetings are of a subcommittee of the Southwest RAC. This subcommittee was formed to assist the BLM in collecting and fully understanding public comment on the EIS being prepared for the proposed development of coal bed natural gas in the Northern San Juan Basin of Colorado. The subcommittee, upon collection of public comment, will report back to the Southwest RAC for the full council's consideration. The 15-member Southwest RAC advises the Secretary of the Interior, through the BLM, on a variety of planning and management issues associated with public land management in southwestern Colorado.

While the format of the seven sessions will vary, all are open to the public. The public will be invited to raise questions and concerns regarding the draft EIS prepared for proposed coal bed natural gas development. Comments may be presented orally or in writing, however
