

this sunset review, the Department finds that revocation of the countervailing duty order would not be likely to lead to continuation or recurrence of a countervailable subsidy. Pursuant to section 751(d)(2) of the Act, the Department will revoke this countervailing duty order, effective on September 15, 2003, the fifth anniversary date of publication in the **Federal Register** of the order, consistent with 19 CFR 351.222(i)(2)(i).

Notification of the ITC

As discussed in section III.B of the *Policy Bulletin*, the Department normally will provide the ITC with the net countervailable subsidy that was determined in the original investigation. However, the purpose of the net countervailable subsidy in the context of sunset review is to provide the ITC with a rate which represents the countervailable rate that is likely to prevail if the order is revoked, and the Department has therefore adjusted the investigation rate as provided under section III.B of the *Policy Bulletin*. See section 752(b)(1)(B) of the Act. As noted above, the rate is *de minimis*.

This five-year ("sunset") review and notice are in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: June 28, 2004.

Jeffrey A. May,

Acting Assistant Secretary for Import Administration.
