BILLING CODE 6560-50-U

FEDERAL RESERVE SYSTEM**Sunshine Act Meeting**

AGENCY HOLDING THE MEETING: Board of Governors of the Federal Reserve System.

TIME AND DATE: 11:30 a.m., Tuesday, June 29, 2004. The business of the Board requires that this meeting be held with less than one week's advance notice to the public, and no earlier announcement of the meeting was practicable.

PLACE: Marriner S. Eccles Federal Reserve Board Building, 20th and C Streets, NW., Washington, DC 20551.

STATUS: Closed.

MATTERS TO BE CONSIDERED:

1. Personnel actions (appointments, promotions, assignments, reassignments, and salary actions) involving individual Federal Reserve System employees.

2. Any items carried forward from a previously announced meeting.

FOR FURTHER INFORMATION CONTACT:

Michelle A. Smith, Director, Office of Board Members; 202-452-2955.

SUPPLEMENTARY INFORMATION: You may call 202-452-3206 beginning at approximately 5 p.m. two business days before the meeting for a recorded announcement of bank and bank holding company applications scheduled for the meeting; or you may contact the Board's Web site at <http://www.federalreserve.gov> for an electronic announcement that not only lists applications, but also indicates procedural and other information about the meeting.

Dated: June 29, 2004.

Robert deV. Frierson,

Deputy Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Centers for Disease Control and Prevention**

[Program Announcement 04122]

Strategies for the Prevention, Early Detection and Control of Chronic Diseases by State Health Officials; Notice of Intent To Fund Single Eligibility Award**A. Purpose**

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to support The Association of State and Territorial Health Officials (ASTHO) in the development and sustainment of effective public health policies and programs to prevent and control chronic diseases, promote healthy behaviors, and strengthen the outreach and capacity of state health agencies. The Catalog of Federal Domestic Assistance number for this program is 93.283.

B. Eligible Applicant

Assistance will be provided only to ASTHO. ASTHO is the only national non-profit organization that represents all state and territorial public health officials. ASTHO was created specifically to represent this group of state agencies to the federal government and other national organizations and is unique in its role as a liaison among these officials. It has served as a capacity-building organization in public health matters for many years and one of its major objectives is the sharing of information among state health departments. Historically, ASTHO has

played a vital role in assisting state health departments in the development and implementation of programs and policies to promote health and prevent disease.

C. Funding

Approximately \$555,000 is available in FY 2004 to fund this award. It is expected that the award will begin on or before August 1, 2004, and will be made for a 12-month budget period within a project period of up to three years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146, Telephone: 770-488-2700.

For technical questions about this program, contact: Jennifer Tucker, 4770 Buford Highway, MS K-40, Atlanta, GA 30304, Telephone: 770-488-6454, E-mail: jrt5@cdc.gov.

Dated: June 28, 2004.

Alan Kotch,

Acting Director, Procurement and Grants Office, Centers for Disease Control and Prevention.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Program Evaluation Monitoring System; Training and Technical Assistance

Announcement Type: Competitive Supplement.

Funding Opportunity Number: PA 04019 Supplement.

Catalog of Federal Domestic Assistance Number: 93.939.

Key Dates:

Application Deadline: August 2, 2004.

I. Funding Opportunity Description

Authority: This program is authorized under Sections 301(a) and 317(k)(2) of the Public Health Service Act, 42 U.S.C. 241 and 42 U.S.C. 247b(k)(2).

Purpose: The Centers for Disease Control and Prevention (CDC) announces the availability of funds for one cooperative agreement for Focus Area 2 under Program Announcement 04019, Capacity Building Assistance (CBA) to strengthen interventions for HIV prevention by the provision of

technical assistance and training that improves the capacity of community-based organizations (CBOs) and health departments (HDs) to use a program evaluation monitoring system designed for HIV prevention interventions targeting high-risk racial/ethnic minority individuals of unknown serostatus, including pregnant women, and people of color who are living with HIV/AIDS and their partners. These funds are specifically intended to develop and implement a national integrated program evaluation monitoring system (PEMS) technical assistance and training for CBOs in the evaluation of their HIV prevention interventions targeting high risk seronegatives and HIV-positive racial/ethnic minority individuals.

This program addresses the "Healthy People 2010" focus area of HIV infection, CDC's Government Performance and Results Act Performance Plan, the goals of CDC's HIV Prevention Strategic Plan through 2005 at <http://www.cdc.gov/hiv/partners/psp.htm> and Advancing HIV Prevention: New Strategies for a Changing Epidemic at <http://www.cdc.gov/mmwr/PDF/wk/mm5215.pdf>.

Measurable outcomes of the program will be in alignment with one (or more) of the following performance goal(s) for the National Center for HIV, STD and TB Prevention:

1. Strengthen the capacity to develop and implement effective HIV prevention interventions.

2. Increase the proportion of HIV infected individuals who know they are infected.

3. Increase the proportion of HIV infected people who are linked to appropriate prevention, care, and treatment services.

4. Decrease the number of persons at high risk for acquiring or transmitting HIV infection.

Priority funding considerations require the applicant to submit an application that includes a plan to enhance the ability of CBOs funded under program announcement 04064 to implement and maintain their PEMS, by delivering training and technical assistance. No other application preference factors will be applied to the review and selection process. The plan must address each of the following performance goals:

- Strengthen the capacity of community based organizations and health departments to develop and implement effective HIV prevention interventions by training them to use a monitoring system that provides

feedback data for program improvement and modification.

- Increase the proportion of HIV infected individuals who know they are infected by training community based organizations and health departments to collect client-level data through a monitoring system that allows tracking and referral elements to be gathered.

- Increase the proportion of HIV infected people who are linked to appropriate prevention, care, and treatment services by training community based organizations and health departments to effectively use the tracking and referral capabilities of a national monitoring system.

- Decrease the number of persons at high risk for acquiring or transmitting HIV infection by training community based organizations and health departments to assess data collected by a monitoring system for prevention program improvement.

Applications must ensure quality programming and measurement of progress based on core performance indicators specific to Focus Area 2 through:

1. Measuring the proportion of CDC-funded CBOs receiving program evaluation monitoring system training.

2. Measuring the proportion of CDC-funded health departments receiving program evaluation monitoring system training.

3. Measuring the proportion of CBOs that report agreement with the timeliness in completion of program evaluation monitoring system technical assistance and training.

4. Measuring the proportion of health departments that report agreement with the timeliness in completion of program evaluation monitoring system technical assistance and training.

5. Measuring the proportion of CBO and health department technical assistance and training action plans completed according to scheduled delivery in a timely manner.

6. Measuring the proportion of CBOs that report agreement that program evaluation monitoring system technical assistance or training met their needs.

7. Measuring the proportion of health departments that report agreement that program evaluation monitoring system technical assistance or training met their needs.

8. Measuring the proportion of CDC-funded CBOs, by racial/ethnic minority population served, receiving program evaluation monitoring system needs assessments.

Applicants process objectives and activities considered responsive to Focus Area 2 that must be addressed in the program plan are:
