An extension, if approved, would continue the withdrawal of National Forest System land from settlement, sale, location, or entry under the general land laws, including the United States mining laws, subject to valid existing rights, and would continue protection of facilities and capital improvements on the following-described land:

T. 2 S., R. 15 W.,

In accordance with section 204(f) of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714(f), the subject withdrawal may be extended if the Secretary of the Interior determines that the purpose for which the withdrawal was first made requires the extension and then, if so, only for a period not to exceed the duration of the original withdrawal period.

All persons who wish to submit comments, suggestions, objections, or requests for public meetings in connection with the proposed withdrawal extension may present their views in writing to the Montana State Director of the Bureau of Land Management until August 2, 2004.
