

selected through a competitive peer review process, and managed as CDC cooperative agreements. Awards are made for five years and may be renewed through a continuation application. This program is authorized under sections 301(a) and 317b(k)(2) of the Public Health Service (PHS) Act, [42 U.S.C. sections 241(a) and 247b(k)(2)], as amended.

All funded programs are required to submit continuation applications and

semi-annual progress reports consistent with federal requirements that all agencies, in response to the Government Performance and Results Act of 1993, prepare performance plans and collect program-specific performance measures.

An Internet-based management information system (MIS) will allow CDC to monitor, and report on state Heart Disease and Stroke Prevention Programs more efficiently. Data reported to CDC through the MIS will be used by

CDC to identify training and technical assistance needs, monitor compliance with cooperative agreement requirements, evaluate progress made in achieving program-specific goals, and obtain information needed to respond to Congressional and other inquiries regarding program activities and effectiveness. There are no costs to respondents.
