[Docket No. CP04-366-000]

Gulf South Pipeline Company, L.P.; Notice of Application

June 30, 2004.

Take notice that on June 22, 2004, Gulf South Pipeline Company, L.P.

(Gulf South), 20 East Greenway, Houston, Texas 77046, filed in Docket No. CP04-366-000 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity to construct, own and operate up to 5 injection/withdrawal storage wells, associated wellhead measurement facilities, appurtenant and auxiliary facilities; and 2.34 miles of 8-inch and 16-inch storage pipeline at the Jackson Gas Storage Facility in Rankin County, Mississippi, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call (202) 502-3676, or TTY, (202) 502-8659.

Any questions regarding this application should be directed to J. Kyle Stephens, Director of Certificates, Gulf South Pipeline Company, L.P., 20 East Greenway Plaza, Houston, Texas 77046, Phone: (713) 544-7309, Fax: (713) 544-4818, or Email: kyle.stephens@gulfsouthpl.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 385.214 or 385.211) and the regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

Persons who wish to comment only on the environmental review of this project, or in support of or in opposition to this project, should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be

notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the applicant. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

Comment Date: July 21, 2004.

Secretary.
