**Notice of Application for Recordable Disclaimer of Interest; New Mexico****AGENCY:** Bureau of Land Management, Interior.**ACTION:** Notice.

**SUMMARY:** Mr. Richard L. Epstein and Ms. Carolyn Kernberger submitted an application for a recordable disclaimer of interest from the United States, pursuant to Section 315 of the Federal Land Policy and Management Act of 1976, as amended (43 U.S.C. 1745), for the following described land, in Socorro County:

**New Mexico Principal Meridian, New Mexico**

A certain tract of land situate in Section 7, T. 2 S., R. 1 E., NMPM, being that accreted land lying westerly of and adjoining lot 3 and lot 4 of Section 7, T. 2 S., R. 1 E., NMPM. A recordable disclaimer of interest, if issued, will confirm the United States has no interest in the subject lands. This notice is intended to notify the public of the pending application and the applicants' grounds supporting it. The acres for this disclaimer are 30.54.

**FOR FURTHER INFORMATION CONTACT:** Jon Hertz, Assistant Socorro Field Office Manager at (505) 835-0412.

**SUPPLEMENTARY INFORMATION:** On May 15, 2003, Mr. Richard L. Epstein and Ms. Carolyn Kernberger filed an application for a recordable disclaimer of interest for lands that lie between the western boundary of their property and the Rio Grande. According to the applicant's, a cloud on their title presently exists because BLM has determined that these lands along the Rio Grande have accreted to their property. BLM Cadastral Survey examined the documents provided and agreed with the assessment that the accreted lands westerly of lots 3 and 4, and the 1981 riverbank in T. 2 S., R. 1 E., NMPM, section 7, do indeed attach to the private uplands described as lot 3 and lot 4.

All persons who wish to present comments, suggestions, or objections in connection with the proposed disclaimer may do so by writing to the Field Office Manager, Socorro Field Office, 198 Neel Avenue, NW., Socorro, NM 87801 until October 12, 2004. If no objections are received, the disclaimer will be published shortly after these 90 days have lapsed.

Dated: April 21, 2004.

**Notice of Availability of the Final Environmental Impact Statement for the Jack Morrow Hills Coordinated Activity Plan and Proposed Green River Resource Management Plan Amendment, Wyoming****AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of availability of the final environmental impact statement (FEIS) for the Jack Morrow Hills Coordinated Activity Plan (JMH CAP), and proposed Resource Management Plan (RMP) amendment.

**SUMMARY:** The Bureau of Land Management (BLM), in cooperation with the State of Wyoming, county governments, and conservation districts located within the planning area, announces the availability of the FEIS for the JMH CAP and Proposed Plan Amendment to the Green River RMP (1997). The FEIS documents the direct, indirect, and cumulative environmental impacts from the proposed CAP for the Jack Morrow Hills area within Sweetwater, Fremont, and Sublette Counties, Wyoming. The CAP will provide multiple use management direction for a variety of resource uses including energy resource development, recreational activities, livestock grazing, important wildlife habitat, cultural resources, special management areas (including areas of critical environmental concern), and other important resources and land uses in the planning area. The planning area encompasses approximately 622,000 acres, of which 585,000 acres are public land surface and Federal mineral estate administered by the BLM through its field office in Rock Springs, Wyoming.

Cooperating agencies under the National Environmental Protection Act (NEPA) in the preparation of the FEIS included the State of Wyoming and the following local Wyoming government entities: Sublette County, Popo Agie Conservation District, Sublette County Conservation District, Sweetwater County Conservation District, Fremont County, and Sweetwater County.
