

Overt Symptoms: When this condition occurs, the symptoms are very obvious to the customer. Upon key removal the radio/CD player stays on, interior lights will not operate and the remote door locking function will not operate. Additionally, even though the key has been removed, the key warning system will activate when the driver's door is opened. These symptoms will induce the customer to return to the dealer for repairs under the new car warranty.

Failure Occurs Early and only a Small Percentage of Vehicles are Affected: If this condition is present, it is most likely to occur very early in the vehicle's life. In an analysis performed by the component supplier (Delphi), it was estimated that of the components affected by this condition, 85 percent would fail within the first month and 99 percent would fail within six months. Most occurrences have been and will be caught prior to retail delivery. * * * It has been estimated by the supplier of the ignition switch assembly that as of the end of April 2004, a maximum of 15 additional vehicles might experience this condition. Saab warranty data show that 4 warranty repairs have been performed since May 1, 2004. Therefore, based on this projection, a maximum of 11 additional units could be expected to be subject to this condition. We would expect any of these additional instances to occur over the next few months.

GM states that the problem has been corrected.

Timber Rock Railroad, Inc.—Lease Exemption—The Burlington Northern and Santa Fe Railway Company

Timber Rock Railroad, Inc. (TRRR), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to acquire by lease and to operate approximately 117.82 miles of rail line owned by The Burlington Northern and Santa Fe Railway Company (BNSF): (1) Between milepost 4.5 near Beaumont, TX, and milepost 21.8 near Silsbee, TX; (2) between milepost 52.5 near Dobbin, TX, and milepost 152.56 at Silsbee, TX, and (3) between milepost 0.5 and milepost 0.96 near Kirbyville, TX.¹ TRRR will also acquire incidental overhead trackage rights over 54.72 miles of BNSF's rail line: (1) Between milepost 4.5 near Beaumont, TX, and milepost 2.28 at Beaumont, TX; and (2) between milepost 52.5 near Dobbin, TX, and milepost 144.0 on the BNSF Galveston Subdivision at Somerville, TX, for the purpose of interchanging traffic with BNSF.

TRRR certifies that its projected revenues as a result of this transaction will not result in the creation of a Class II or a Class I rail carrier. But, because TRRR's projected annual revenues will exceed \$5 million, TRRR has certified to the Board on May 4, 2004, that it sent the required notice of the transaction on May 3, 2004, to the national offices of all labor unions representing employees on the affected lines and posted a copy of the notice at the workplace of the employees on the affected lines on May 2, 2004. See 49 CFR 1150.42(e).

¹ BNSF will retain the right to operate certain overhead trains over the lines being leased by TRRR.

The transaction was scheduled to be consummated on or after July 3, 2004 (which is 60 days or more after TRRR's certification to the Board that it had complied with the Board's rule at 49 CFR 1150.42(e)).

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34503, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001. Also, a copy of each pleading must be served on Karl Morell, Ball Janik LLP, Suite 225, 1455 F Street, NW., Washington, DC 20005.

Decided: July 2, 2004.

As a condition to this exemption, any employee adversely affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10502(d) must be filed. Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on August 6, 2004, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,² formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),³ and trail use/rail banking requests under CFR 1152.29 must be filed by July 19, 2004. If the verified notice contains false or misleading information, the exemption is void *ab initio*.

CSXT has filed an environmental report which addresses the abandonment's effects, if any, on the environment and historic resources. SEA will issue an environmental assessment (EA) by July 12, 2004. Interested persons may obtain a copy of the EA by writing to SEA (Room 500, Surface Transportation Board,

Washington, DC 20423-0001) or by calling SEA, at (202) 565-1539. (Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1-800-877-8339.) Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), CSXT shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the line. If consummation has not been effected by CSXT's filing of a notice of consummation by July 7, 2005, and there are no legal or regulatory barriers to consummation, the authority to abandon will automatically expire.
