

lunch served in NSLP at 11.00 cents per meal. Pursuant to section 6(c)(1)(B), this amount is subject to annual adjustments on July 1 of each year to reflect changes in a three-month average value of the Price Index for Foods Used in Schools and Institutions for March, April, and May each year (Price Index). Section 17(h)(1)(B) of the Act provides that the same value of donated foods (or cash in lieu of donated foods) for school lunches shall also be established for lunches and suppers served in CACFP. Notice is hereby given that the national average minimum value of donated foods, or cash in lieu thereof, per lunch under NSLP (7 CFR Part 210) and per lunch and supper under CACFP (7 CFR part 226) shall be 17.25 cents for the period July 1, 2004 through June 30, 2005.

The Price Index is computed using five major food components in the Bureau of Labor Statistics Producer Price Index (cereal and bakery products; meats, poultry and fish; dairy products; processed fruits and vegetables; and fats and oils). Each component is weighted using the relative weight as determined by the Bureau of Labor Statistics. The value of food assistance is adjusted each July 1 by the annual percentage change in a three-month average value of the Price Index for March, April and May each year. The three-month average of the Price Index increased by 10 percent from 139.09 for March, April and May of 2003 to 152.98 for the same three months in 2004. When computed on the basis of unrounded data and rounded to the nearest one-quarter cent, the resulting national average for the period July 1, 2004 through June 30, 2005 will be 17.25 cents per meal. This is an increase of 1.50 cents from the school year 2004 (July 1, 2003 through June 30, 2004) rate.

Section 14(f) of the Act provides that commodity only schools shall be eligible to receive donated foods equal in value to the sum of the national average value of donated foods established under section 6(c) of the Act and the national average payment established under section 4 of the Act (42 U.S.C. 1753). Such schools are eligible to receive up to 5 cents per meal of this value in cash for processing and handling expenses related to the use of such commodities.

Commodity only schools are defined in section 12(d)(2) of the Act (42 U.S.C. 1760(d)(2)) as "schools that do not participate in the school lunch program under this Act, but which receive commodities made available by the Secretary for use by such schools in nonprofit lunch programs." For school year 2005, commodity only schools

shall be eligible to receive donated food assistance valued at 38.25 cents for each free, reduced price, and paid lunch served. This amount is based on the sum of the section 6(c) level of assistance announced in this notice and the adjusted section 4 minimum national average payment factor for school year 2005. The section 4 factor for commodity only schools does not include the two cents per lunch increase for schools where 60 percent of the lunches served in the school lunch program in the second preceding school year were served free or at reduced prices, because that increase is applicable only to schools participating in NSLP.

Authority: Sections 6(c)(1)(A) and (B), 6(e)(1), 14(f) and 17(h)(1)(B) of the National School Lunch Act, as amended (42 U.S.C. 1755(c)(1)(A) and (B) and 6(e)(1), 1762a(f), and 1766(h)(1)(B)).
