This notice and the Draft RMP/Draft EIS also fulfill the planning requirements in 43 CFR 1610. The Draft RMP/Draft EIS is tiered to the Clear Creek Management Area RMP Amendment/EIS (1995).

Comments on the Draft RMP/Draft EIS must be submitted on or before the end of the comment period at the address listed below. Public meetings will be held during the comment period. **SUPPLEMENTARY INFORMATION:** The Clear Creek Management Area (CCMA) is managed for Off-Highway Vehicle recreation and natural values. CCMA consists of approximately 75,000 acres of public lands and resources in the southern portion of San Benito County and western Fresno County, California. Approximately 30,000 acres are within the Serpentine Area of Critical Environmental Concern (ACEC). The serpentine soils within the ACEC contain high concentrations of naturally occurring asbestos, and comprise an environment with a unique assemblage of plant and animal species.

The CCMA is currently managed under a Record of Decision (ROD) approved in 1999. The ROD designated the CCMA a Limited Use Area for Off-Highway Vehicle (OHV) use and also provided for a subsequent land use planning effort to further analyze and designate specific areas and trails for OHV use. BLM initiated the more subsequent planning in 2003 with publication of a NOI and preparation of an EA. After considering scoping comments from the public requesting that an EIS be prepared, and further analysis of impacts of possible area and route designations in the management
