SUPPLEMENTARY INFORMATION:

Title: Pseudorabies.

OMB Number: 0579-0070.

Type of Request: Extension of approval of an information collection.

Abstract: The Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is responsible for preventing the spread of contagious, infectious, or communicable animal diseases from one State to another, and for eradicating such diseases from the United States when feasible.

In connection with this mission, APHIS regulates the interstate movement of swine in order to carefully control the movement of swine that are infected with or exposed to pseudorabies. These regulations are found in 9 CFR part 85. The most common method of pseudorabies transmission is through the movement of infected swine from one herd to another.

Regulating the interstate movement of these animals requires the use of certain information collection activities, including the completion of documents attesting to the health status of the swine being moved, the number of

swine being moved in a particular shipment, the shipment's point of origin, and the shipment's destination.

With this information, we are able to carefully monitor the location of infected or exposed animals and prevent them from coming into contact with healthy animals.

These documents also provide useful "traceback" information in the event an infected animal is discovered and an investigation must be launched to determine where the animal originated, as well as the number and location of other animals with which it may have had contact during its interstate movement.

The information provided by these documents is critical to our ability to prevent the interstate spread of pseudorabies, and therefore plays a vital role in our Pseudorabies Eradication Program.

We are asking the Office of Management and Budget (OMB) to approve the use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.0226558 hours per response.

Respondents: U.S. producers and shippers, State animal health protection authorities, and accredited veterinarians.

Estimated annual number of respondents: 30,050.

Estimated annual number of responses per respondent: 2.66888.

Estimated annual number of responses: 80,200.

Estimated total annual burden on respondents: 1,817 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 14th day of July 2004.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

Opal Creek Scenic Recreation Area (SRA) Advisory Council

AGENCY: Forest Service, USDA Forest Service.

ACTION: Notice of meeting.

SUMMARY: An Opal Creek Scenic Recreation Area Advisory Council meeting will convene in Stayton, Oregon on Wednesday, August 4, 2004.

The meeting is scheduled to begin at 6:30 p.m., and will conclude at approximately 8:30 p.m. The meeting will be held in the South Room of the Stayton Community Center located on 400 West Virginia Street in Stayton, Oregon.

The Opal Creek Wilderness and Opal Creek Scenic Recreation Area Act of 1996 (Opal Creek Act) (Pub. L. 104-208) directed the Secretary of Agriculture to establish the Opal Creek Scenic Recreation Area Advisory Council. The Advisory Council is comprised of thirteen members representing State, county and city governments, and representatives of various organizations, which include mining industry, environmental organizations, inholders in Opal Creek Scenic Recreation Area, economic development, Indian tribes, adjacent landowners and recreation interests. The council provides advice to the Secretary of Agriculture on preparation of a comprehensive Opal Creek Management Plan for the SRA, and consults on a periodic and regular basis on the management of the area. Tentative agenda items include: Introductions; Current Project Updates; Project Priority Development; and Federal Advisory Committee Act Overview.

A direct public comment period is tentatively scheduled to begin at 8 p.m. Time allotted for individual presentations will be limited to 3 minutes. Written comments are encouraged, particularly if the material cannot be presented within the time limits of the comment period. Written comments may be submitted prior to the August 4th meeting by sending them to Designated Federal Official Paul Matter at the address given below.

FOR FURTHER INFORMATION CONTACT: For more information regarding this meeting, contact Designated Federal Official Paul Matter; Willamette National Forest, Detroit Ranger District, HC 73 Box 320, Mill City, OR 97360; (503) 854-3366.

Dated: July 14, 2004.
