

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. 04-056-1]

Notice of Request for Extension of Approval of an Information Collection

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection in support of regulations that restrict the importation of certain animal materials and their derivatives, and any products containing those materials and derivatives, to prevent the introduction of bovine spongiform encephalopathy into the United States.

DATES: We will consider all comments that we receive on or before September 20, 2004.

ADDRESSES: You may submit comments by any of the following methods:

- Postal Mail/Commercial Delivery: Please send four copies of your comment (an original and three copies) to Docket No. 04-056-1, Regulatory Analysis and Development, PPD, APHIS, Station 3C71, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. 04-056-1.

- E-mail: Address your comment to regulations@aphis.usda.gov. Your comment must be contained in the body of your message; do not send attached files. Please include your name and address in your message and "Docket No. 04-056-1" on the subject line.

- Agency Web site: Go to <http://www.aphis.usda.gov/ppd/rad/>

[cominst.html](#) for a form you can use to submit an e-mail comment through the APHIS Web site.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: You may view APHIS documents published in the **Federal Register** and related information, including the names of groups and individuals who have commented on APHIS dockets, on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

FOR FURTHER INFORMATION CONTACT: For information on regulations that restrict the importation of animal materials and their derivatives, and any products they are used in, contact Dr. Christopher Robinson, Senior Staff Veterinarian, Technical Trade Services, National Center for Import and Export, VS, APHIS, 4700 River Road Unit 40, Riverdale MD 20737-1231; (301) 734-7837. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

SUPPLEMENTARY INFORMATION:

Title: Importation Prohibitions Because of Bovine Spongiform Encephalopathy.

OMB Number: 0579-0183.

Type of Request: Extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301-8317), the Animal and Plant Health Inspection Service, U.S. Department of Agriculture, regulates the importation of animals and animals products into the United States to prevent the introduction of animal diseases, such as bovine spongiform encephalopathy (BSE), into the United States. BSE is a progressive neurological disorder of cattle that results from infection by an unconventional transmissible agent.

The regulations in 9 CFR parts 93, 94, 95, and 96 govern the importation of certain animals, animal products, and animal byproducts into the United

States in order to prevent the introduction of various animal disease, including BSE. Regulations in part 95 restrict the importation of processed animal protein, offal, tankage, fat and oils, and tallow; glands and unprocessed fat tissue from ruminants; derivatives of these materials; and products containing these materials, if they originate in or are stored, rendered, or otherwise processed, in a region listed in § 94.18(a). Section 94.18 lists regions where BSE exists or that present an undue risk of introducing BSE into the United States because of import requirements less restrictive than would be acceptable for importation into the United States or because of inadequate surveillance.

To help ensure that the restricted materials and products are not moved from a BSE-affected region into a BSE-free region and then to the United States, we require that such materials and products imported from BSE-free regions be accompanied by certification that the materials and products were derived only from animals that have never been in a region listed in § 94.18. The certification must state the species from which the material was derived; the region where the processing facility is located; a statement that the materials did not originate in and were never stored, rendered, or otherwise processed in a region listed in § 94.18(a); and were not otherwise associated with a facility located in a region listed in § 94.18(a) or with any materials that have been in a region listed in § 94.18(a). This certification is necessary to ensure that materials containing the BSE agent are not imported into the United States.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the information collection, including the

validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the information collection on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies, *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.16 hours per response.

Respondents: U.S. importers of regulated animal products, full-time, salaried, government veterinary officials of exporting regions, and foreign exporters of processed animal protein and other regulated materials and products.

Estimated annual number of respondents: 1,000.

Estimated annual number of responses per respondent: 9.

Estimated annual number of responses: 9,000.

Estimated total annual burden on respondents: 1,440 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 16th day of July, 2004.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

COMMISSION ON CIVIL RIGHTS

Agenda and Notice of Public Meeting of the Montana Advisory Committee

Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights, that a conference call of the Montana State Advisory Committee will convene at 12 p.m. (m.d.t.) and adjourn at 1:30 p.m. (m.d.t.), Thursday, July 22, 2004. The purpose of the conference call is to discuss specific issues to be addressed as part of regional project on discrimination against Native Americans in reservation border towns, determine site for regional project community forum, discuss status of

commission and regional programs, and discuss current civil rights developments in Montana.

This conference call is available to the public through the following call-in number: 1-800-923-4207; access code: 24952455. Any interested member of the public may call this number and listen to the meeting. Callers can expect to incur charges for calls not initiated using the supplied call-in number or over wireless lines and the Commission will not refund any incurred charges. Callers will incur no charge for calls using the call-in number over land-line connections. Persons with hearing impairments may also follow the proceedings by first calling the Federal Relay Service at 1-800-977-8339 and providing the Service with the conference call number and access code.

To ensure that the Commission secures an appropriate number of lines for the public, persons are asked to register by contacting Malee Craft, Rocky Mountain Regional Office, (303) 866-1040 (TDD 303-866-1049), by 3 p.m. (m.d.t.) on Tuesday, July 20, 2004.

The meeting will be conducted pursuant to the provisions of the rules and regulations of the Commission.

Dated at Washington, DC, July, 9, 2004.

Ivy L. Davis,

Chief, Regional Programs Coordination Unit.

DEPARTMENT OF COMMERCE

International Trade Administration

[A-421-807]

Certain Hot-Rolled Carbon Steel Flat Products From the Netherlands; Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amended final results of antidumping duty administrative review.

SUMMARY: On June 16, 2004, the Department of Commerce (the Department) published in the **Federal Register** its notice of final results of the antidumping duty administrative review of certain hot-rolled carbon steel flat products from the Netherlands for the period May 3, 2001 through October 31, 2002. See *Certain Hot-Rolled Carbon Steel Flat Products from the Netherlands; Final Results of Antidumping Duty Administrative*

Review, 69 FR 33630 (June 16, 2004). On June 15, 2004, in accordance with 19 CFR 351.224(c)(2), we received a timely-filed ministerial error allegation from respondent, Corus Staal BV (Corus).¹ We did not receive ministerial error allegations from petitioners.² Based on our analysis of Corus' ministerial error allegation, the Department has revised the antidumping duty margin for Corus. Accordingly, we are amending our final results.

EFFECTIVE DATE: July 22, 2004.

FOR FURTHER INFORMATION CONTACT:

Deborah Scott or Robert James, Antidumping and Countervailing Duty Enforcement Group III, Office Eight, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-2657 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Review

For purposes of this order, the products covered are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with plastics or other non-metallic substances, in coils (whether or not in successively superimposed layers), regardless of thickness, and in straight lengths, of a thickness of less than 4.75 mm and of a width measuring at least 10 times the thickness. Universal mill plate (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm, but not exceeding 1250 mm, and of a thickness of not less than 4.0 mm, not in coils and without patterns in relief) of a thickness not less than 4.0 mm is not included within the scope of this review. Specifically included within the scope of this order are vacuum degassed, fully stabilized (commonly referred to as interstitial-free (IF)) steels, high strength low alloy (HSLA) steels, and the substrate for motor lamination steels. IF steels are recognized as low carbon steels with micro-alloying levels of elements such as titanium or niobium (also commonly referred to as columbium), or both, added to stabilize carbon and nitrogen elements. HSLA steels are recognized as steels with

¹ We released disclosure documents to respondent and petitioners on June 9, 2004, thereby making June 14, 2004 the deadline for submitting ministerial error comments. However, in response to a request by respondent, we extended the deadline by one day, until June 15, 2004.

² Petitioners are United States Steel Corporation and Nucor Corporation.
