Abstract: States are required to submit a performance report to the Secretary under Section 80.40 of the Education Department General Administrative Regulations. The State Interagency Coordinating Committee is required under Section 641 of Part C of the Individuals with Disabilities Education Act (IDEA) to submit an annual report to the Secretary and the State's Governor on the status of the early intervention program for infants and toddlers with disabilities and their families. This collection serves both of these functions. The Office of Special Education Programs (OSEP) is implementing an integrated, four-part accountability strategy: (1) Verifying the effectiveness and accuracy of States' monitoring, assessment, and data collection systems; (2) attending to States at high risk for compliance, financial, and/or management failure; (3) supporting States in assessing their performance and compliance, and in planning, implementing, and evaluating improvement strategies; and (4) focusing OSEPs' intervention on States with low ranking performance on critical performance indicators. Component 3 of OSEPs' accountability strategy is implemented through this Annual Performance Report. Reporting requirements for States' Self-Assessments, Improvement Plans, and Annual Performance Reports are being combined in this Part C Annual Performance Report.

SUPPLEMENTARY INFORMATION:

Introduction

The Privacy Act (5 U.S.C. 552a) requires the Department to publish in the **Federal Register** this notice of a new system of records. The Department's regulations implementing the Privacy Act are contained in part 5b of title 34 of the Code of Federal Regulations (CFR).

The Privacy Act applies to information about an individual that is maintained in a system of records from which information is retrieved by a unique identifier associated with the individual, such as a name or social security number (SSN). The information about the individual is called a "record" and the system, whether manual or computer-based, is called a "system of records." The Privacy Act requires agencies to publish a notice of a new system of records in the **Federal Register** and to prepare a report to OMB whenever the agency publishes a new system of records or makes a significant

change to an established system of records. Each agency is also required to send copies to the Chair of the Senate Committee on Governmental Affairs and the Chair of the House Committee on Government Reform. These reports are intended to permit an evaluation of the probable or potential effect of the proposal on the privacy rights of individuals.

The records for the system described in this notice are created by a web-based product the Department provides for institutions to calculate the earned and unearned portions of student aid distributed under Title IV of the Higher Education Act of 1965, as amended (HEA), when a student withdraws from a postsecondary institution before completing the period for which the funds were awarded. The institution collects and enters the required data into the web-based product, and the product calculates the earned and unearned amounts of Title IV aid, and the amounts that must be returned to the Title IV programs by the student and the school. When applicable, the product also determines the amount of additional funds the student must be offered as a post-withdrawal disbursement. The institution may also use this information to provide required notifications to the Title IV recipient and to track the recipient's responses as provided under section 484B of the HEA (20 U.S.C. 1091b) and the implementing regulations in 34 CFR 668.22. In addition to the calculation, the institution may choose to generate a variety of useful reports. These reports include a listing of all students who have withdrawn from the institution; a report of students to be notified by the institution on the results of the Return of Title IV Funds (R2T4) calculation; a report of the students who owe a Title IV grant overpayment and whether the student has taken positive action to establish repayment; a report of the students for which the institution has responsibility to repay Title IV funds to the programs; a report on post-withdrawal disbursements that the institution must offer to the Title IV recipient; and a report on students who owe a Title IV grant overpayment that the institution must refer to the Department. These reports are only available to the institutional users that input the data and that access the reports using their unique log-in codes and passwords. The information described in this system of records is not linked to any other Department, Federal, State, lender or guarantee agency systems.

This system includes records on students for whom Title IV funds were
