SUPPLEMENTARY INFORMATION: Under

section 4041 of the Employee Retirement Income Security Act of 1974, as amended, a single-employer pension plan may terminate voluntarily only if it satisfies the requirements for either a standard or a distress termination. Pursuant to ERISA section 4041(b), for standard terminations, and section 4041(c), for distress terminations, and the PBGC's termination regulation (29 CFR part 4041), a plan administrator wishing to terminate a plan is required to submit specified information to the PBGC in support of the proposed termination and to provide specified information regarding the proposed termination to third parties (participants, beneficiaries, alternate payees, and employee organizations). In the case of a plan with participants or beneficiaries who cannot be located when their benefits are to be distributed, the plan administrator is subject to the requirements of ERISA section 4050 and the PBGC's missing participants regulation (29 CFR part 4050). (These regulations may be accessed on the PBGC's Web site at <http://www.pbgc.gov>.)

The collection of information under these regulations and implementing forms and instructions has been approved by OMB under control number 1212-0036 (expires August 31, 2004). The PBGC is requesting that OMB extend its approval for three years.

The PBGC estimates that 1,175 plan administrators will be subject to the collection of information requirements in the PBGC's termination and missing participants regulations and implementing forms and instructions each year, and that the total annual burden of complying with these requirements is 1,743 hours and \$1,973,075. (Much of the work associated with terminating a plan is performed for purposes other than meeting these requirements.)
