SUPPLEMENTARY INFORMATION:

I. Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments and supporting materials in response to this document by (1) hard copy, (2) FAX transmission (facsimile), or (3) electronically through the OSHA Web page.

Because of security related problems there may be a significant delay in the receipt of comments by regular mail. Please contact the OSHA Docket Office at (202) 693-2350 (TTY (877) 889-5627) for information about security procedures concerning the delivery of materials by express delivery, hand delivery and messenger service.

All comments, submissions and background documents are available for inspection and copying at the OSHA Docket Office at the above address. Comments and submissions posted on OSHA's Webpage are available at <http://www.OSHA.gov>. Contact the OSHA Docket Office for information about materials not available through the OSHA Web page and for assistance using the Web page to locate docket submissions.

Electronic copies of this **Federal Register** notice as well as other relevant documents are available on OSHA's Webpage.

II. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information-collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)).

This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the Act) (29 U.S.C. 651 *et seq.*) authorizes

information collection by employers as necessary or appropriate for enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657).

The requirements of the Powered Platforms for Building Maintenance Standard include written emergency action plans and work plans for training; affixing load-rating plates to each suspended unit, labeling emergency electric-operating devices with instructions for their use, and attaching a tag to one of the fastenings holding a suspension wire rope; the inspection and testing of, and written certification for, building-support structures, components of powered platforms, powered platform facilities, and suspension wire ropes; and training employees and the preparation and maintenance of written training certification records.

III. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of the Agency's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information-collection and transmission techniques.

IV. Proposed Actions

OSHA is proposing to extend the information collection requirements contained in the Powered Platforms for Building Maintenance Standard (29 CFR 1910.66). The Agency will summarize the comments submitted in response to this notice, and will include this summary in its request to OMB to extend the approval of the information-collection requirement.

Type of Review: Extension of currently approved information-collection requirements.

Title: Powered Platforms for Building Maintenance (29 CFR 1910.66).

OMB Number: 1218-0121.

Affected Public: Business or other for-profit; not-for-profit institutions; Federal government; State, local or tribal governments.

Number of Respondents: 900.

Frequency of Response: Varies from 2 minutes (.03 hour) to disclose

certification records to 10 hours to inspect/test both a powered platform facility and its suspension wire ropes, and to prepare the certification record.

Total Responses: 36,598.

Estimated Total Burden Hours: 135,476.

Estimated Cost (Operation and Maintenance): \$0.

V. Authority and Signature

John L. Henshaw, Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506), and Secretary of Labor's Order No. 5-2002 (67 FR 65008).

Signed at Washington, DC, on July 22, 2004.

John L. Henshaw,

Assistant Secretary of Labor.

National Advisory Committee on Occupational Safety and Health; Notice of Meeting

Notice is hereby given of the date and location of the next meeting of the National Advisory Committee on Occupational Safety and Health (NACOSH), established under Section 7(a) of the Occupational Safety and Health Act of 1970 (29 U.S.C. 656) to advise the Secretary of Labor and the Secretary of Health and Human Services on matters relating to the administration of the Act. NACOSH will hold a meeting on August 19, in Room N3437 (A-C), U.S. Department of Labor, located at 200 Constitution Avenue NW., Washington, DC. The Meeting is open to the public and will begin at 9 a.m. on August 18 and end at approximately 4:15 p.m.

Agenda items will include updates on activities of both the Occupational Safety and Health Administration (OSHA) and the National Institute for Occupational Safety and Health (NIOSH). Presentations will also be made on the following subjects: Enforcement Indicators, VPP and Partnerships, Regulatory Issues, Hispanic Summit, and NIOSH's Steps to a Healthier U.S. Workforce Initiative.

Written data, vies, or comments for consideration by the committee may be submitted, preferably with 20 copies, to Wilfred Epps at the address provided below. Any such submissions received

prior to the meeting will be provided to the members of the committee and will be included in the record of the meeting, because of the need to cover a wide variety of subjects in a short period of time, there is usually insufficient time on the agenda for members of the public to address the committee orally. However, any such requests will be considered by the Chair who will determine whether or not time permits. Any request to make an oral presentation should state the amount of time desired, the capacity in which the person would appear, and a brief outline of the content of the presentation. Individuals with disabilities who need special accommodations should contact Veneta Chatmon (phone: 202-693-1912; fax: 202-693-1634) one week before the meeting.

An official record of the meeting will be available for public inspection in the OSHA Technical Data Center (TDC) located in Room N2625 at the Department of Labor Building (202-693-2350). For additional information contact: Wilfred Epps, Occupational Safety and Health Administration (OSHA); Room N3641, 200 Constitution Avenue NW., Washington, DC 20210 (phone: 202-693-1857; fax: 202-693-1641; email: Epps.Wil@dol.gov); or check the National Advisory Committee on Occupational Safety and Health Information pages located at <http://www.osha.gov/dop/nacosh/nacosh.html>.

Signed at Washington, DC this 20th day of July 2004.

John L. Henshaw,

Assistant Secretary of Labor for Occupational Safety and Health.
