### Notice of Proposed Information Collection Requests

**AGENCY:** Department of Education.

**SUMMARY:** The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

**DATES:** Interested persons are invited to submit comments on or before October 1, 2004.

**SUPPLEMENTARY INFORMATION:** Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: July 28, 2004.

The Federal operating permits issued by EPA to the facilities identified above incorporate all applicable air quality requirements and require monitoring to ensure compliance with these requirements. Submittal of periodic reports of all required monitoring, as well as submittal of an annual compliance certification, are also required. The Federal operating permits have a term not to exceed five years, and a timely application for permit renewal must be submitted to EPA prior to permit expiration in order to continue operation of the permitted source.

The provisions of 40 CFR part 71 govern issuance of these permits. EPA published a notice and opportunity to comment in a newspaper of general circulation in the area of the facility for each permit issued. The EPA received public comments on the Transwestern Pipeline Company; El Paso Natural Gas Company; El Paso Field Services; and William Field Services, Los Mestenos Compressor Station permits. In accordance with the requirements of 40

CFR 71.11(j), EPA responded to all comments received on these permits. The EPA received no comments on the permit for William Field Services, Ojito. Pursuant to 40 CFR 71.11(i), EPA provided copies of the final permits to the applicant and each person who submitted written comments on a permit or requested notice of the final permit decision. No one requested review of any of the final permits by the Environmental Appeals Board within 30 days of receipt of the final permits in accordance with 40 CFR 71.11(l). Thus, pursuant to 40 CFR 71.11(i) and (l), the permits became final on the dates indicated in the chart above. A petition to the Environmental Appeals Board under 40 CFR 71.11(l) is, under 42 U.S.C. 307(b), a prerequisite to seeking judicial review of the final agency action. See 40 CFR 71.11(l)(4).

40 CFR 71.11(l)(7) requires notice of any final agency action regarding a Federal operating permit to be published in the **Federal Register**. This notice satisfies that requirement.

Dated: July 21, 2004.
