#### Public Utility District No. 2 of Grant County; Notice of Availability of Environmental Assessment

July 27, 2004.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has prepared an Environmental Assessment (EA) for an amendment application requesting Commission approval to replace 10 turbines at the Wanapum development with 10 new, upgraded turbines. The Wanapum development is part of the Priest Rapids Project. The project is located on the Columbia River in Grant, Yakima, Kittitas, Douglas, Benton, and Chelan counties, Washington, and occupies federal lands.

The EA contains staff's analysis of the potential environmental impacts associated with the installation of 10 new advance turbines and concludes that the proposed amendment would not constitute a major Federal action that would significantly affect the quality of the human environment.

A copy of the EA is attached to the July 23, 2004, Commission Order titled "Order Modifying and Approving Amendment of License Application and Revising Annual Charges," which is available for review and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426. July 27, 2004.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or prohibited off-the-record communication relevant to the merit's of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part

of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).
