

Exchange pays a license fee to a third party in connection with Exchange trading. The Exchange proposes to impose a Specialist License Fee on each specialist allocated an ICU issue that trades on the Exchange pursuant to unlisted trading privileges ("UTP") for which the Exchange pays a license fee. Between July 1, 2004, and December 31, 2004, the Exchange proposes to bill each such specialist quarterly for 100% of the applicable license fee payable by the Exchange, provided that the total amount billed to such specialist for the third and fourth quarters of 2004 will not exceed the amount of license fees payable by the Exchange for the first and second quarters of 2004. As of January 1, 2005, the Specialist License Fee will be billed to the specialist quarterly at 50% of the amount payable by the Exchange.

A license fee applicable to multiple issues of ICUs allocated to more than one specialist will be apportioned among such specialists based on the consolidated share volume represented by each issue subject to such license fee.

The Exchange believes it is appropriate to pass through to the specialist a portion of the ICU license fees payable by the Exchange in order to alleviate part of the financial obligation incurred by the Exchange in connection with trading ICUs for which third parties require licenses. The Specialist License Fee will operate on a partial cost recovery basis. The fee will apply to all ICUs currently traded on the Exchange pursuant to UTP for which the Exchange is required to pay a license fee, and to all such ICUs that may trade pursuant to UTP in the future.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with section 6(b)(4) of the Act,⁴ which requires that the rules of an exchange be designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers, and other persons using its facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has become effective pursuant to section 19(b)(3)(A)(ii) of the Act⁵ and subparagraph (f)(2) of Rule 19b-4⁶ thereunder, because it establishes or changes a due, fee, or other charge.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.⁷

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the NYSE included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified

in Item IV below. The Exchange has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Stocks listing on the Exchange are allocated to specialist organizations by the Allocation Committee pursuant to procedures contained in Exchange Rule 103B. The Allocation Panel is the resource from which the Allocation Committee is assembled. The Allocation Panel is appointed by the Exchange's Board of Directors from among individuals nominated by the Exchange's membership.

Exchange Rule 103B(III) sets forth the composition of the Allocation Panel. The rule currently provides for 13 allied members (including the five allied members serving on the Market Performance Committee ("MPC")) and nine representatives of institutional investor organizations (including the five representatives of institutional investor organizations serving on the MPC). However, the MPC Charter currently authorizes seven allied members and seven representatives of institutional investor organizations to serve on the MPC. In light of this, the Allocation Committee charter also provides for the seven allied members and seven representatives of institutional investor organizations serving on the MPC to be part of the Allocation Panel.

Accordingly, the Exchange proposes a technical amendment to NYSE Rule 103B(III) to conform the number of allied members and representatives of institutional investor organizations authorized in its rule with the number authorized by the Allocation Committee charter. The Exchange represents that the proposed amendment is not substantive in nature and does not change the way in which allocations are made.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the requirement under Section 6(b)(5) of the Act⁵ in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes

⁵ 15 U.S.C. 78f(b)(5).

that the proposed rule change is consistent with these objectives in that it enables the Exchange to further enhance the process by which stocks are allocated to ensure fairness and equal opportunity in the process.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days after the date of filing (or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest), the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6) thereunder.⁷

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such proposed rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.⁸

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-50101; File No. SR-PCX-2004-51]

Self-Regulatory Organizations; Pacific Exchange, Inc; Order Granting Approval to a Proposed Rule Change Amending the Designated Options Examination Authority Fee on a Retroactive Basis

July 28, 2004.

On June 1, 2004, the Pacific Exchange, Inc. ("PCX" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend its Schedule of Fees and Charges by changing the Designated Options Examination Authority ("DOEA") fee charged to its members. The Exchange proposed to apply the fee changes on a retroactive basis effective as of January 2004.³ The proposed rule change was published for comment in the **Federal Register** on June 18, 2004.⁴ The Commission received no comments on the proposal.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange⁵ and, particularly, section 6(b)(4) of the Act, which requires that the rules of an exchange provides for the equitable allocation of reasonable fees among its members.⁶ The current DOEA fee is a pass through of the costs the Exchange pays the National Association of Securities Dealers for conducting DOEA examinations plus a 17% administrative charge. The Commission believes that the Exchange's proposal to apply its current DOEA fee on a retroactive basis to January 2004 is equitable because it allows the Exchange to charge members the actual costs of the examinations.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ On April 15, 2004, the Exchange filed an identical amendment to its Schedule of Fees and Charges, as immediately effective. See Securities Exchange Act Release No. 49671 (May 7, 2004), 69 FR 27665 (May 17, 2004) (File No. SR-PCX 2004-32). Because the Exchange also sought to apply the amendment to the DOEA fee on a retroactive basis, the Exchange submitted the proposed rule change for notice and comment.

⁴ See Securities Exchange Act Release No. 49828 (June 8, 2004), 69 FR 34210.

⁵ In approving this proposed rule change, the Commission has considered its impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

⁶ 15 U.S.C. 78f(b)(4).

It is therefore ordered, pursuant to section 19(b)(2) of the Act,⁷ that the proposed rule change (SR-PCX-2004-51) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁸
