

notifying an applicant that a project has been approved for funding is the Notice of Grant Award (NGA), signed by the OPHS Grants Management Officer, which sets forth the amount of funds granted, the terms and conditions of the award, the effective date of the grant, the budget period for which initial support will be given, and the total project period for which support is contemplated. The OPHS will notify an organization in writing when its application will not be funded. Every effort will be made to notify all unsuccessful applicants as soon as possible after final decisions are made.

2. Administrative and National Policy Requirements

In accepting this award, the grantee stipulates that the award and any activities thereunder are subject to all provisions in 45 CFR parts 74 (non-governmental) and 92 (governmental) currently in effect or implemented during the period of the grant.

The Buy American Act of 1933, as amended (41 U.S.C. 10a–10d), requires that Government agencies give priority to domestic products when making purchasing decisions. Therefore, to the greatest extent practicable, all equipment and products purchased with grant funds should be American-made.

A Notice providing information and guidance regarding the "Government-wide Implementation of the President's Welfare-to-Work Initiative for Federal Grant Programs" was published in the **Federal Register** on May 16, 1997. This initiative was designated to facilitate and encourage grantees and their subrecipients to hire welfare recipients and to provide additional needed training and/or mentoring as needed. The text of the Notice is available electronically on the OMB homepage at <http://www.whitehouse.gov/omb>.

The HHS Appropriations Act requires that when issuing statements, press releases, requests for proposals, bid solicitations, and other documents describing projects or programs funded in whole or in part with Federal money, grantees shall clearly state the percentage and dollar amount of the total costs of the program or project which will be financed with Federal money and the percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

Provision of Smoke-free Workplace and Non-Use of Tobacco Products by Recipients of PHS Grants

The PHS strongly encourages all grant recipients to provide a smoke-free

workplace and to promote the non-use of all tobacco products. In addition, Public Law 103–227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children.

3. Reporting

A successful applicant under this notice will submit: (1) Semi-annual progress reports; (2) a final progress report in the form of the Plan; and (3) a Financial Status Report in the format established in accordance with the provisions of the general regulations which apply under "Monitoring and Reporting Program Performance," 45 CFR 74.51–74.52, with the exception of State and local governments to which 45 CFR part 92, Subpart C reporting requirements apply. Applicants must submit all required reports in a timely manner, in recommended formats (to be provided) and submit a final report on the project, including any information on evaluation results, at the completion of the project period. Agencies receiving \$500,000 or more in total Federal funds are required to undergo an annual audit as described in OMB Circular A–133, "Audits of States, Local Governments, and Non-Profit Organizations."

Public Health System Reporting Requirements

This program is subject to Public Health System reporting Requirements. Under these requirements, a community-based nongovernmental applicant must prepare and submit a Public Health System Impact Statement (PHSIS). The PHSIS is intended to provide information to State and local health officials to keep them apprised of proposed health services grant applications submitted by community-based organizations within their jurisdictions.

Community-based nongovernmental applicants are required to submit, no later than the Federal due date for receipt of the application, the following information to the head of the appropriate State and local health agencies in the area(s) to be impacted: (a) A Copy of the face page of the applications (SF 424), and (b) a summary of the project (PHSIS), not to exceed one page, which provides: (1) a description of the population to be served, (2) a summary of the services to be provided, and (3) a description of the coordination planned with the appropriate State or local health agencies. Copies of the letters

forwarding the PHSIS to these authorities must be contained in the application materials submitted to the Office of Public Health and Science.

VII. Agency Contacts

Grants Management Office Contact: Karen Campbell, Department of Health and Human Services, Office of Public Health and Science, OPHS Grants Management Office, 1101 Wootton Parkway, Suite 550, Rockville, Maryland, 20852. E-mail: Kcampbell@osophs.dhhs.gov; telephone: 301–594–0758. Program Office Contact: Woodie Kessel, Department of Health and Human Services, Office of Public Health and Science, Office of Disease Prevention and Health Promotion, Room 738–G Hubert H. Humphrey Building, 200 Independence Ave., SW., Washington, DC, 20201. E-mail: wkessel@osophs.dhhs.gov; telephone: 202–401–6295.

Dated: July 30, 2004.

Cristina V. Beato,

Acting Assistant Secretary for Health, Office of Public Health and Science.

[Program Announcement 04259]

Improving the Effectiveness of the Diagnosis and Treatment of Tuberculosis and Multi-Drug Resistant Tuberculosis in the Philippines; Notice of Intent To Fund Single Eligibility Award

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the intent to fund fiscal year (FY) 2004 funds for a cooperative agreement program to support and ensure the implementation of tuberculosis (TB) control activities that are designed to develop, establish, and coordinate systems and procedures to address the obstacles to achieving control of TB and multi-drug resistant tuberculosis (MDR–TB) in metropolitan Manila, the Philippines. The Catalog of Federal Domestic Assistance number for this program is 93.116.

B. Eligible Applicant

Assistance will be provided only to the Tropical Disease Foundation, Inc. (TDF) located in Manila, the Philippines. No other applications will be solicited.

The TDF is the only qualified organization that has the technical and administrative capacity to conduct the specific set of activities requested to support CDC TB and MDR-TB prevention and control activities in the Philippines under this cooperative agreement because:

1. The TDF is uniquely positioned, in terms of legal authority, ability, track record, infrastructure and credibility in the Philippines to develop and support TB and MDR-TB control activities in both public and non-governmental organization sites throughout the country.

2. The TDF has already established a framework and mechanisms to develop and implement TB and MDR-TB treatment and control activities in the Philippines, enabling it to immediately become engaged in the activities listed in this announcement.

3. The TDF has demonstrated its ability to coordinate and implement TB treatment and control activities including MDR-TB and TB/HIV co-infection within the country.

4. The TDF has a unique and unparalleled relationship with the Makati Medical Center (MMC), the Department of Health (DOH), NTP, the Tropical Disease Foundation (TDF), and the Philippines Coalition Against Tuberculosis (PhilCAT), based on a rich history of collaboration.

5. The TDF Directly Observed Treatment Short Course (DOTS) Clinic has been in existence since February 1999, in response to the need for public-private partnership in the management of TB patients in the Philippines. The clinic is a collaboration between the TDF and MMC.

6. The TDF was approved as the first pilot project worldwide to undertake DOTS-Plus by the Green Light Committee (GLC), a subgroup of the Scientific Working Group on Multi-Drug Resistant Tuberculosis of the WHO. The MMC DOTS-Plus clinic is the only facility in the Philippines providing treatment to MDR-TB patients.

7. The TDF has the ability to collect information, train staff and advocate for policy based on the experiences learned implementing DOTS-Plus activities.

8. The specific services that the TDF will deliver are directly associated with, and compliment, other ongoing CDC prevention strategies and activities in the Philippines.

C. Funding

Approximately \$110,000 is available in FY 2004 to fund this award. It is expected that the award will begin on or before September 1, 2004, and will be made for a 12-month budget period

within a project period of up to five years. Funding estimates may change.

D. Where To Obtain Additional Information

For general comments or questions about this announcement, contact: Technical Information Management, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, GA 30341-4146, Telephone: (770) 488-2700.

For program technical assistance, contact: Dr. Charles Wells, Project Officer, Division of Tuberculosis Elimination, National Center for HIV, STD, and TB Prevention, Centers for Disease Control and Prevention (CDC), 1600 Clifton Road Mailstop E-10, Atlanta, Georgia 30333, Telephone: (404) 639-8485, E-mail: cwells@cdc.gov.

For budget assistance, contact: Steward Nichols, Grants Management Specialist, CDC Procurement and Grants Office, 2920 Brandywine Road, Atlanta, Georgia 30341, Telephone: (770) 488-2788, E-mail: SNichols1@cdc.gov.

Dated: July 29, 2004.

William P. Nichols,

Acting Director, Procurement and Grants Office, Centers for Disease Control and Prevention.

National Center for Health Statistics, Board of Scientific Counselors

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Centers for Disease Control and Prevention (CDC), National Center for Health Statistics (NCHS) announces the following committee meeting.

Name: Board of Scientific Counselors (BSC).

Times and Dates: 2 p.m.-5:30 p.m., September 9, 2004. 8:30 a.m.-2:00 p.m., September 10, 2004.

Place: NCHS Headquarters, 3311 Toledo Road, Hyattsville, Maryland 20782.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 100 people.

Purpose: This committee is charged with providing advice and making recommendations to the Secretary; the Director, CDC; and Director, NCHS, regarding the scientific and technical

program goals and objectives, strategies, and priorities of NCHS.

Matters To Be Discussed: The agenda will include welcome remarks by the Director, NCHS; introductions of members and key NCHS staff; scientific presentations and discussions; and an open session for comments from the public. Requests to make an oral presentation should be submitted in writing to the contact person listed below by close of business, August 25, 2004. All requests to make oral comments should contain the name, address, telephone number, and organizational affiliation of the presenter. Written comments should not exceed five single-spaced typed pages in length and should be received by the contact person listed below by close of business, August 25, 2004.

Agenda items are subject to change as priorities dictate.

FOR FURTHER INFORMATION CONTACT:

Robert Weinzimer, Executive Secretary, NCHS, 3311 Toledo Road, Room 7108, Hyattsville, Maryland 20782, telephone (301) 458-4565, fax (301) 458-4021.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

Dated: July 28, 2004.

Alvin Hall,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.
