SUPPLEMENTARY INFORMATION: This section contains the following information about the energy information collection submitted to OMB for review: (1) The collection numbers and title; (2) the sponsor (*i.e.*, the Department of Energy component); (3) the current OMB docket number (if applicable); (4) the type of request (*i.e.*, new, revision, extension, or reinstatement); (5) response obligation (*i.e.*, mandatory, voluntary, or required to obtain or retain benefits); (6) a description of the need for and proposed use of the information; (7) a categorical description of the likely respondents; and (8) an estimate of the total annual reporting burden.

1. EIA-914, "Monthly Natural Gas Production Report".
2. Energy Information Administration.
3. OMB Number—Not applicable.
4. New.
5. Mandatory.

6. The purpose of the survey is to collect monthly data on the production of natural gas in seven geographical areas (Texas (including State offshore), Louisiana (including State offshore), Oklahoma, New Mexico, Wyoming, Federal Gulf of Mexico offshore and Other States (defined as all remaining states, except Alaska, in which the operator produced natural gas during the report month). Data will be used to monitor natural gas supplies. Survey respondents would be a sample of well operators.

Since EIA's main goal is to have timely overall production information, at this time the agency is not proposing to collect information on gas used for repressuring and reinjection, gas vented and flared, fuel used on the lease, or nonhydrocarbons removed on the lease, as proposed in the **Federal Register** on April 23, 2004, pp. 22019-22025. The proposed data collection would consist of (1) natural gas gross withdrawals (wet) and (2) natural gas lease production.

7. Business or other for-profit.
8. 15,517 hours.

Please refer to the supporting statement as well as the proposed forms and instructions for more information about the purpose, who must report, when to report, where to submit, the elements to be reported, detailed instructions, provisions for

confidentiality, and uses (including possible nonstatistical uses) of the information. For instructions on obtaining materials, see the **FOR FURTHER INFORMATION CONTACT** section.
