Duty Assessments

The Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries. According to 19 CFR 351.212(b)(1), where possible, the Department calculated an importer-specific assessment rate for merchandise subject to this review. Where the importer-specific assessment rate is above *de minimis*, we will instruct CBP to assess the importer-specific rate uniformly on the entered customs value of all entries of subject merchandise made by the importer during the POR. For the respondents receiving dumping margins based upon AFA, the Department will instruct CBP to liquidate entries according to the AFA *ad valorem* rate. For the respondents for whom the review was rescinded, the Department will instruct CBP to assess antidumping duties at the cash deposit rate in effect on the date of the entry. The Department will issue appropriate appraisement instructions directly to CBP within 15 days of publication of the final results of review.

Cash Deposit Rates

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for each of the reviewed companies will be the rate listed in the final results of this review (except if the rate for a particular company is *de minimis*, i.e., less than 0.5 percent, no cash deposit will be required for that company); (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent review period; (3) if the exporter is not a firm covered in this review, a prior review, or the less than fair value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will

continue to be 12.61 percent, the “all others” rate established in the LTFV investigation. *See Final Determination* 64 FR 30592. These required cash deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Public Comment

According to 19 CFR 351.224(b), the Department will disclose any calculations performed in connection with the preliminary results of review within 10 days of publicly announcing the preliminary results of review. Any interested party may request a hearing within 30 days of publication of this notice. *See* 19 CFR 351.310(c). If requested, a hearing will be held 44 days after the date of publication of this notice, or the first workday thereafter. Interested parties are invited to comment on the preliminary results. The Department will consider case briefs filed by interested parties within 30 days after the date of publication of this notice. Also, interested parties may file rebuttal briefs, limited to issues raised in case briefs. The Department will consider rebuttal briefs filed not later than five days after the time limit for filing case briefs. Parties who submit arguments are requested to submit with each argument (1) a statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities. Further, we request that parties submitting written comments provide the Department with a diskette containing the public version of those comments. Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act, the Department will issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their comments, within 120 days of publication of the preliminary results. The assessment of antidumping duties on entries of merchandise covered by this review and future deposits of estimated duties shall be based on the final results of this review.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 30, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.

Background

On December 31, 2003, the Department received a timely request from interested parties in accordance with section 751(a) of the Act and section 351.213(b) of the Department's regulations, for an administrative review of the countervailing duty order on honey from Argentina, which has a December anniversary date. On January 6, 2004, the Department initiated this administrative review covering the period January 1, 2003, through December 31, 2003. See *Notice of Initiation of Antidumping and Countervailing Duty Administrative Review and Request for Revocation in Part*, 69 FR 3117 (January 22, 2004).

Statutory Time Limits

Section 351.213(h)(1) of the regulations requires the Department to issue the preliminary results of review within 245 days after the last day of the anniversary month of the order or suspension agreement for which the administrative review was requested, and final results of the review within 120 days after the date on which notice of the preliminary results is published in the **Federal Register**. However, if the Department determines that it is not practicable to complete the review within the aforementioned specified time limits, section 351.213(h)(2) allows the Department to extend the 245-day-period to 365 days and to extend the 120-day period to 180 days. Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits (EFPs)

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notification of a proposal for EFPs to conduct experimental fishing; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Northeast Region, NMFS (Assistant Regional Administrator) has made a preliminary determination that the subject EFP application contains all the

required information and warrants further consideration. The Assistant Regional Administrator has also made a preliminary determination that the activities authorized under the EFP would be consistent with the goals and objectives of the Northeast (NE) Multispecies Fishery Management Plan (FMP). However, further review and consultation may be necessary before a final determination is made to issue the EFP. Therefore, NMFS announces that the Assistant Regional Administrator proposes to recommend that an EFP be issued that would allow commercial fishing vessels to conduct fishing operations that are otherwise restricted by the regulations governing the fisheries of the Northeastern United States. The EFP would allow for exemptions from the FMP as follows: the Days-at-Sea (DAS) effort-control program; the minimum mesh size for the Georges Bank (GB) regulated mesh area; the Nantucket Lightship Habitat Closure Area; the GB Seasonal Closure Area; and minimum fish size restrictions for the temporary retention of undersized fish for data collection purposes.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed EFPs.

DATES: Comments on this document must be received on or before August 24, 2004.

ADDRESSES: Comments on this notice may be submitted by e-mail to: DA602@noaa.gov. Include in the subject line the following document identifier: "Comments on CCCHFA Cod Life History Study." Written comments should be sent to Patricia A. Kurkul, Regional Administrator, NMFS, Northeast Regional Office, 1 Blackburn Drive, Gloucester, MA 01930. Mark the outside of the envelope "Comments on CCCHFA Cod Life History Study." Comments may also be faxed to (978) 281-9135.

SUPPLEMENTARY INFORMATION: The Cape Cod Commercial Hook Fishermen's Association (CCCHFA) submitted an initial application for an EFP on June 7, 2004. The application was complete on July 14, 2004. The experimental fishing application requests authorization for activities to determine the reproductive life history of cod on the western portion of GB by sampling and mapping the distribution and transport of larval and juvenile cod.
