

information technology, e.g. permitting electronic submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collections of information:

Title: 49 CFR 556, Petitions for Inconsequentiality.

OMB Control Number: 2127-0045.

Affected Public: Business or other for profit.

Abstract: The National Highway Traffic Safety Administration's statute at 49 U.S.C. 30118 generally requires manufacturers of motor vehicles and items of replacement equipment to conduct a notification and remedy campaign (recall) when their products are determined to contain a safety-related defect or a noncompliance with a Federal motor vehicle safety standard (FMVSS). Pursuant to 49 U.S.C. 30118(d) and 30120(h), a manufacturer may seek an exemption from these notification and remedy requirements on the basis that the defect or noncompliance is inconsequential as it relates to motor vehicle safety. 49 CFR part 566, Exemption for Inconsequential Defect or Noncompliance, establishes the procedures for manufacturers to submit exemption petitions to the agency and the procedures the agency will use in evaluating those petitions. Part 566 allows the agency to ensure that inconsequentiality petitions are

both properly substantiated and efficiently processed.

Estimated Annual Burden: 200 hours (based on an average of 5 hours preparation time per petition for 40).

Number of Respondents: 40.

Comments are invited on whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Issued on: August 4, 2004.

Kenneth N. Weinstein,

Associate Administrator for Enforcement.
