

name and location of each determination references the impact date for all workers of such determinations.

In the following cases, it has been determined that the requirements of Section 246(a)(3)(ii) have been met.

I. Whether a significant number of workers in the workers' firm are 50 years of age or older.

II. Whether the workers in the workers' firm possess skills that are not easily transferable.

III. The competitive conditions within the workers' industry (i.e., conditions within the industry are adverse).

[TA-W-55,212]

SOS Staffing Services Employed at Ballard Medical Products, Draper, UT; Notice of Termination of Investigation

Pursuant to section 221 of the Trade Act of 1974, as amended, an investigation was initiated on July 9, 2004, in response to a worker petition filed by a State representative, on behalf of employees of SOS Staffing Services, Draper, Utah.

The petitioning group of workers is covered by a petition instituted on July 9, 2004 (TA-W-55,213) that is the subject of an ongoing investigation. Further investigation in this case would duplicate efforts and serve no purpose; therefore the investigation under this petition has been terminated.

Signed at Washington, DC this 23rd day of July 2004.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

DEPARTMENT OF LABOR

Employment and Training Administration

[TA-W-53,854 and TA-W-53,854B]

Warnaco Group, Inc., Milford, Connecticut; Including an Employee of Warnaco Group, Inc., Milford, Connecticut Located in the State of Florida; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility To Apply for Worker Adjustment Assistance on February 3, 2004, applicable to workers of Warnaco Group, Inc., Milford, Connecticut and Stratford, Connecticut. The notice was published in the **Federal Register** on March 12, 2004 (69 FR 11889).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers were engaged in administration support activities for the subject firm's production facility located in Thomasville, Georgia.

New information shows that a worker separation occurred involving an employee of the Milford, Connecticut

facility of Warnaco Group located in the state of Florida. This employee provided administrative support function services for the production of women's intimate apparel at the Thomasville, Georgia location of the subject firm.

Based on these findings, the Department is amending this certification to include an employee of the Milford, Connecticut facility of Warnaco Group, Inc. located in the state of Florida.

The intent of the Department's certification is to include all workers of Warnaco Group, Inc. who were adversely affected by increased imports.

The amended notice applicable to TA-W-53,854 is hereby issued as follows:

"All workers of Warnaco Group, Milford, Connecticut (TA-W-53,854), including an employee located in the state of Florida (TA-W-53,854B), who became totally or partially separated from employment on or after December 18, 2002, through February 3, 2006, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed at Washington, DC, this 30th day of July 2004.

Richard Church,

Certifying Officer, Division of Trade Adjustment Assistance.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-482]

Wolf Creek Nuclear Operating Corporation, Notice of Withdrawal of Application for Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of Wolf Creek Nuclear Operating Corporation (the licensee) to withdraw its application dated August 16, 2002, for a proposed amendment to Facility Operating License No. NPF-42 for the Wolf Creek Generating Station, Unit No. 1, located in Coffey County, Kansas.

The proposed amendment would have revised Technical Specification 3.6.3, "Containment Isolation Valves," by (1) deleting the Note and adding the abbreviation "(CIV)" for containment isolation valve in Condition A of the Actions for the Limiting Condition for Operation, (2) revising the completion time for Required Condition A.1 from 4 hours to as much as 7 days depending on the category of the CIVs, (3) deleting Condition C, and (4) renumbering the

later Conditions D and E. The proposed amendment is based on Topical Report WCAP-15791-P, "Risk-Informed Evaluation of Extensions to Containment Isolation Valve Completion Times."

The Commission had previously issued a Notice of Consideration of Issuance of Amendment published in the **Federal Register** on October 1, 2002 (67 FR 61686). However, by letter dated June 4, 2004, the licensee withdrew the proposed change.

For further details with respect to this action, see the application for amendment dated August 16, 2002, and the licensee's letter dated June 4, 2004, which withdrew the application for license amendment. Documents may be examined, and/or copied for a fee, at the NRC's Public Document Room (PDR), located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the Agencywide Documents Access and Management Systems (ADAMS) Public Electronic Reading Room on the internet at the NRC Web site, <http://www.nrc.gov/reading-rm/adams/html>. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS, should contact the NRC PDR Reference staff by telephone at 1-800-397-4209, or 301-415-4737 or by e-mail to pdr@nrc.gov.

Dated in Rockville, Maryland, this 30th day of July 2004.

For the Nuclear Regulatory Commission.

Jack Donohew,

Senior Project Manager, Section 2, Project Directorate IV, Division of Licensing Project Management, Office of Nuclear Reactor Regulation.
