

delivered as intended, gauge the degree to which program performance indicator targets are being achieved, and help agencies improve their programs to better deliver effective PCRS. Until grantees transition to PEMS, it is essential that they be allowed to

continue to collect aggregate PCRS data using the existing forms.

Each health department funded to conduct PCRS will prepare and submit aggregate PCRS data to the CDC annually. Completion of two data collection forms is necessary for

evaluation of aggregate PCRS data, and it is estimated that one hour is needed to complete each form; therefore, 65 health departments × 2 responses × 1 hour = 130 hours. There is no cost to respondents.

ESTIMATES OF ANNUAL BURDEN

Administration for Children and Families

Submission for OMB review; comment request.

Title: Financial Institution Data Match.

OMB No.: 0970-0196.

Description: Section 466(a)(17) of the Social Security Act (the Act), requires States to establish procedures under which the state child support

enforcement (IV-D) agency shall enter into agreements with financial institutions doing business in the State to develop and operate a data match system for the purpose of securing information leading to the enforcement of child support orders. Under sections 452(1) and 466(a)(17)(A)(i) of the Act, the Secretary may aid State agencies conducting data matches with financial institutions doing business in multiple States by centrally matching through the Federal Parent Locator Service.

Respondents: Financial institutions doing business in two or more States.
