II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In addition to utilizing proprietary or third party software, member specialists may connect to NSX's National Securities Trading System or "NSTS," by utilizing an Exchange-supplied Workstation for a monthly fee.

Subsection (r) of NSX Rule 11.10(A) currently provides that every member using the Exchange Workstation shall be charged a fee of \$750 per device per month. This fee will increase to \$1,000 per device per month beginning July 1, 2004. The Exchange believes that the fee increase is reasonable and ensures that each member pays an equitable share of the costs associated with operating the Exchange.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and with Section 6(b)(4),⁷ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges. The Exchange believes the proposed change, as amended, is also consistent with Section 6(b)(5) of the Act⁸ in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market

system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change, as amended, will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received in connection with the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change, as amended, has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁹ and subparagraph (f)(2) of Rule 19b-4¹⁰ thereunder because it involves a member due, fee or other charge. At any time within sixty (60) days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, orders can be entered on the Exchange either via an electronic connection or by phoning the NSX Control Room. There is currently no transaction charge for Users, who are not registered as Qualified or Designated Dealers, executing crosses and meets in Tape B and C securities whether electronically or manually processed.⁷ For Users executing crosses and meets in Tape A securities, there is currently a charge of \$0.0005 per share per side for average daily volume up to 5 million shares per day and \$0.000025 per share per side for average daily volume above 5 million shares, with a maximum charge of \$37.50 per firm per side of transaction, whether electronically or manually processed. The Exchange is proposing to introduce a manual processing fee of \$15 per contra-party, with a cap of \$75 per side, on every cross or meet phoned into the NSX Control Room because of the additional resources and expense associated with processing phoned-in orders. The proposed manual processing fee will be in lieu of, and not in addition to, the fees currently assessed for crosses and meets and Tape A, Tape B and Tape C securities.⁸ The Exchange believes that the implementation of this manual processing fee is reasonable and ensures that each member pays an equitable share of the costs associated with operating the Exchange.

2. Statutory Basis

The Exchange believes the proposed rule change, as amended, is consistent with Section 6(b) of the Act,⁹ in general, and with Section 6(b)(4) of the Act,¹⁰ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges. The Exchange believes the proposed change, as amended, is also consistent with Section 6(b)(5) of the Act¹¹ in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in

³ See Letter from James C. Yong, Senior Vice President, Regulation and General Counsel of the NSX, to Nancy Sanow, Assistant Director, Division of Market Regulation, Commission, dated July 14, 2004 ("Amendment No. 1"). In Amendment No. 1, NSX made technical corrections to its rule text and clarified that the manual processing fee proposed as NSX Rule 11.10(A)(e)(4) will be in lieu of the fees currently assessed for crosses and meets in Tape A, Tape B and Tape C securities.

⁴ 15 U.S.C. 78s(b)(3)(A)(ii).

⁵ 17 CFR 240.19b-4(f)(2).

⁶ The Exchange is also proposing two non-material revisions to its fee schedule to change one reference to the "CSE" (the Exchange was formerly known as The Cincinnati Stock Exchange or "CSE") to the "Exchange" and to correct a typographical error. The Exchange represents that these changes are administrative and non-substantive in nature and therefore not subject to notice and comment. See Amendment No. 1.

⁷ Dealers executing crosses in Tape B securities are not charged a transaction fee. Dealers executing crosses in Tape C securities are charged a per share fee of \$0.001 per share for average daily volume up to 5 million shares per day and \$0.000025 per share for average daily volume 5 million shares and above per day.

general, to protect investors and the public interest. The Exchange also believes that the proposed change, as amended, will create incentives for members to electronically connect to the Exchange trading system, thereby increasing efficiency and competition, which, in turn, will enhance the National Market System.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change, as amended, will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received in connection with the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change, as amended, has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹² and subparagraph (f)(2) of Rule 19b-4¹³ thereunder, because it involves a member due, fee or other charge. At any time within sixty (60) days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-50143; File No. SR-PCX-2004-47]

Self-Regulatory Organizations; Order Granting Approval to a Proposed Rule Change and Amendment No. 1 Thereto by the Pacific Exchange, Inc. To Eliminate the Ability of Floor Brokers and Market Makers To Manually Trade With Orders and Quotes With Size in the Consolidated Book

August 4, 2004.

On June 10, 2004, the Pacific Exchange, Inc. ("PCX" or "Exchange") filed with the Securities and Exchange

Commission ("Commission"), pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to eliminate PCX Rule 6.76(d)(2), which allows a Market Maker or Floor Broker to manually trade with orders and Quotes with Size³ in the Consolidated Book⁴ by vocalizing a bid or offer in a particular series and effecting a trade with the Order Book Official ("OBO"). On June 22, 2004, the Exchange filed Amendment No. 1 to the proposed rule change.⁵ The proposed rule change and Amendment No. 1 were published for comment in the **Federal Register** on July 1, 2004.⁶ The Commission received no comments on the proposal, as amended. This order approves the proposed rule change, as amended.

The Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange⁷ and, in particular, the requirements of section 6(b)(5) of the Act⁸ and the rules and regulations thereunder. Specifically, the Commission finds that the proposed rule change, as amended, is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

With this proposal, Market Makers and Floor Brokers will be able to interact with the Consolidated Book by electronic means only. The Exchange represented that manually effecting a trade with an OBO is not as efficient as effecting a trade electronically using the PCX Plus technology. Accordingly, the Commission believes that the proposal, which has the effect of requiring that all trades with orders and Quotes with Size in the Consolidated Book be executed electronically, should enhance the
