

Houston Ship Channel (Mile -3) to SH 146 (Mile 11.4); (2) Deepening and widening the channel from Mile 3 to Mile 11.4 to match the currently maintained channel from the Houston Ship Channel to Mile 3 (10 ft deep and 100 ft wide); (3) Deepening the channel to 9 feet from Mile 3 to Mile 11.4; (4) Eliminating a series of tight bends known as the Devil's Elbow by dredging a new channel (Devil's Elbow Cutoff) to the north of these bends; (5) Creating 200-ft wide passing lanes in straight stretches of the channel; and (6) No Action. A "no-action" alternative will be evaluated and presented for comparison purposes in evaluating the various construction alternatives.

3. *Scoping*: The scoping process will involve Federal, State, and Local agencies, and other interested persons and organizations. Three public scoping meetings were held (March 22, 2000, December 11, 2000, and March 16, 2004) to explain the project and solicit information about public concerns and comments on the project. The information provided by the public, resource agencies, local industry, local government, and other interested parties was used to help develop planning objectives, identify significant resources and issues, evaluate impacts of various alternatives, and identify a plan that will be socially and environmentally acceptable. Another public meeting will be conducted during the public review period for the DEIS to update the public on the project, collect public comments on the DEIS, and discuss various issues associated with the channel improvements and placement of dredged material.

4. *Coordination*: Further coordination with environmental agencies will be conducted under the National Environmental Policy Act, the Fish and Wildlife Coordination Act, the Endangered Species Act, the Migratory Bird Treaty Act, the Clean Water Act, the Clean Air Act, the National Historic Preservation Act, the Magnuson-Stevens Fishery Conservation and Management Act (Essential Fish Habitat), and the Coastal Zone Management Act (Texas Coastal Management Program). Coordination with Federal and State regulatory agencies, the Local sponsors, and the U.S. Army Corps of Engineers has been initiated and will continue throughout the development of the DEIS.

5. *DEIS Preparation*. It is estimated that the DEIS will be available to the public for review and comment in December 2004.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests.
