SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000, enacted on April 5, 2000, as Public Law 106-181 (Pub. L. 106-181), required the establishment of a National Parks Overflights Advisory Group within 1 year after its enactment. The NPOAG was to be a balanced group representative of general aviation, commercial air tour operations, environmental concerns, and Indian tribes. The duties of the NPOAG included providing advice, information, and recommendations to the Director, NPS, and to the Administrator, FAA, on the implementation of Public Law 106-181, on quiet aircraft technology, on other measures that might accommodate interests to visitors to national parks, and, at the request of the Director and Administrator, on safety, environmental, and other issues related to commercial air tour operations over national parks or tribal lands.

On March 12, 2001, the FAA and NPS announced the establishment of the NPOAG (48 FR 14429). The advisory group has held four meetings: August 28-29, 2001, in Las Vegas, Nevada; October 4-5, 2002, in Tusayan, Arizona; October 20-21, 2003 in Jackson, Wyoming; and March 18-19, 2004, in Boulder City, NV.

On October 10, 2003, the Administrator signed Order No. 1110-138 establishing the NPOAG as an aviation rulemaking committee. The current members of the NPOAG ARC are Heidi Williams (general aviation), Richard Larew, Elling Halverson, and Alan Stephen (commercial air tour operations), Chip Dennerlein, Charles Maynard, Steve Bosak, and Susan Gunn (environmental interests), and Germaine White and Richard Deertrack (Indian tribes).

Agenda for the September 9-10, 2004 Meeting

The NPOAG ARC will review tribal issues, prevention and mitigation of significant adverse environmental impacts, modifications to interim operating authority, new entrant operators and increased operations of existing operators, and quiet technology. A final agenda will be available the day of the meeting.

Federal Highway Administration

Environmental Impact Statement: Clark County, NV

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an environmental impact statement will be prepared for a proposed freeway project in the cities of Las Vegas and Henderson, Clark County, Nevada.

FOR FURTHER INFORMATION CONTACT: Ted P. Bendure, Environmental Program Manager, Federal Highway Administration, 705 N. Plaza, Suite 220, Carson City, NV 89701, Telephone: 775-687-5322, e-mail: ted.bendure@fhwa.dot.gov.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Nevada Department of Transportation, will prepare an environmental impact statement (EIS) on a proposal to improve Interstate 515 (I-515) in the cities of Las Vegas and Henderson, Clark

County, Nevada and in that portion of unincorporated Clark County located between the two cities. The proposed project would involve improvements to the I-515 Corridor between the southern terminus of the present I-515 Freeway in the City of Henderson (MP56) and the northern terminus of I-515 in the City of Las Vegas (MP76). The proposed project covers a total distance of approximately 20 miles on the present route.

Improvements to the corridor are considered necessary to provide for the existing and projected traffic demand resulting from the growth of interstate traffic and local commuter traffic in the southeast region of the Las Vegas Valley. Specifically, the project will evaluate improvements to I-515 to mitigate congestion along the freeway corridor, widening and upgrading the existing freeway, upgrading existing interchanges, providing new interchanges at F Street and Sahara Avenue, and realigning Bonanza Road at Las Vegas Boulevard. The EIS will consider the effects of the proposed project, the No Action alternative, and other alternatives to the proposed project.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have previously expressed or are known to have interest in this project. A public scoping meeting will be held September 14, 2004, and local notice will be provided. The Web site for the project is <http://www.i515study.com>. In addition, public information meetings will be held throughout the duration of the project and a public hearing will be held for the draft EIS. Public notices will be given announcing the time and place of the public meetings and the hearing. The draft EIS will be available for public and agency review and comment prior to the public hearing.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.
