##### Brake Rotors From the People's Republic of China: Final Results of the Tenth New Shipper Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of final results of the tenth new shipper review.

**SUMMARY:** On June 1, 2004, the Department of Commerce published the preliminary results of the tenth new shipper review of the antidumping duty order on brake rotors from the People's Republic of China (PRC). See *Brake Rotors from the People's Republic of China: Preliminary Results of the Tenth New Shipper Review*, 69 FR 30875 (June 1, 2004) (Preliminary Results). This review examined one exporter Shenyang Yinghao Machinery Co., Ltd (Shenyang Yinghao). The period of review is April 1, 2003, through September 30, 2003 (POR). We gave interested parties the opportunity to comment on our preliminary results. However, no interested party filed such comments.

Since the preliminary results, we have made certain changes in the margin calculation for the respondent in this review (see section entitled "Changes Since the Preliminary Results" below for details). However, these changes did not impact the overall weighted-average margin calculated in the preliminary

results. The final weighted-average dumping margin for the reviewed firm is listed below in the section entitled "Final Results of Review."

**EFFECTIVE DATE:** August 25, 2004.

**FOR FURTHER INFORMATION CONTACT:** Terre Keaton or Brian Smith, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-1280, or (202) 482-1766, respectively.

##### SUPPLEMENTARY INFORMATION:

##### Background

On June 1, 2004, the Department published in the **Federal Register** the *Preliminary Results* (see 69 FR 30875). On June 8, 2004, Shenyang Yinghao, the respondent, submitted a copy of its 2003 audited financial statement.<sup>1</sup> Neither the respondent nor the petitioner filed a case brief in this review.<sup>2</sup>

##### Scope of Order

The products covered by this order are brake rotors made of gray cast iron, whether finished, semifinished, or unfinished, ranging in diameter from 8 to 16 inches (20.32 to 40.64 centimeters) and in weight from 8 to 45 pounds (3.63 to 20.41 kilograms). The size parameters (weight and dimension) of the brake rotors limit their use to the following types of motor vehicles: automobiles, all-terrain vehicles, vans and recreational vehicles under "one ton and a half," and light trucks designated as "one ton and a half."

Finished brake rotors are those that are ready for sale and installation

<sup>1</sup> Department officials at verification requested that the audited financial statement be placed on the record of this review at the time of its completion (see the April 14, 2004, verification report).

<sup>2</sup> The petitioner is the Coalition for the Preservation of American Brake Drum and Rotor Aftermarket Manufacturers.
