FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission

August 25, 2004.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that

does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before October 1, 2004. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments regarding this Paperwork Reduction Act submission to Judith B. Herman, Federal Communications Commission, Room 1-C804, 445 12th Street, SW, DC 20554 or via the Internet to Judith-B.Herman@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judith B. Herman at 202-418-0214 or via the Internet at Judith-B.Herman@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0975.

Title: Promotion of Competitive Networks in Local Telecommunications Markets Multiple Environments (47 CFR Parts 1, 64 and 68).

Form No: Not applicable.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit, not-for-profit institutions, Federal government, and state, local or tribal government.

Number of Respondents: 6,421.

Estimated Time Per Response: .5-120 hours.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Total Annual Burden: 571,350 hours.

Total Annual Cost: Not applicable.

Privacy Act Impact Assessment: Not applicable.

Needs and Uses: This collection involves information regarding the location of demarcation points, antennas placed on subscriber premises, and the state of the market. This information will be used to foster competition in local telecommunications markets by

ensuring that competing telecommunications providers are able to provide services to customers in multiple tenant environments. With this submission to OMB, the Commission is seeking revision due to elimination of the NPRM requirement, which is no longer in effect. The NPRM measured data that was used to guide the Commission as it continues to evaluate and monitor the need for non-discriminatory access requirements for Multiple Tenant Environments (MTEs). This data informed us of the state of the market for the provision of telecommunications services to MTEs, was measured mid-year 2001. This requirement has been eliminated.

Wireless Telecommunications Bureau Announces Licensing and Interim Link Registration Process, Including Start Date for Filing Applications for Non-Exclusive Licenses in the 71-76 GHz, 81-86 GHz, and 92-95 GHz

AGENCY: Federal Communications Commission.

ACTION: Notice; correction.

SUMMARY: The Wireless Telecommunications Bureau ("WTB" or "Bureau") published a Notice in the **Federal Register** of July 14, 2004, announcing the details of the licensing and link registration process for the 71-76, 81-86, 92-94, and 94.1-95 GHz bands. This document corrects and updates information contained in the July 14, 2004, Notice to provide correct information to the public and avoid confusion.

FOR FURTHER INFORMATION CONTACT: Cheryl Black or Stephen Buenzow, 717-338-2687.

SUPPLEMENTARY INFORMATION: In the **Federal Register** of July 14, 2004, FR Doc. 04-15870, correct the following pages to read:

- On page 42169, third column under the caption "How to File Individual Link Registrations under the Interim Process," remove sentences 5 and 6; and after sentence 7, insert the following sentences to read: "Upon initiating electronic filing by entering their FRN and password, licensees will be presented with a list of call signs

assigned to their FRN. Licensees should click on the non-exclusive nationwide (MM radio service) call sign under which they intend to register links, and then click on the link labeled "Register Links". Licensees should then click on the link labeled "Add New Link", clicking on this link will step through the filing process for registering a new link. This process must be repeated for each link that is registered."

- On page 42170, third column, under the caption "Modifications and Amendments to Link Registrations," remove the paragraph after footnote reference number 17 and insert the following paragraph to read: "Licensees must electronically file FCC Form 601 Main Form and Schedule M to modify the technical data on an individual link registration. Upon initiating electronic filing by entering their FRN and password, licensees will be presented with a list of call signs assigned to their FRN. Licensees should click on the non-exclusive nationwide (MM radio service) call sign containing the link they wish to modify, and then click on the link labeled "Register Links". Licensees will then be presented with a list of links associated with that license. Links can be modified by clicking on the desired link. This process must be repeated for each link that is modified. To amend the technical data on an individual link registration which has not yet been approved, licensees will be required to file FCC Form 601 Main Form and Schedule M. Upon initiating electronic filing by entering their FRN and password, licensees will be presented with a list of call signs assigned to their FRN. Licensees should click on the link labeled "My Applications" and then click on the link labeled "Pending" to display a list of applications which can be amended. An application can be amended by clicking on the file number of the desired application and then clicking on the link labeled "Update." Under electronic filing, the previously entered data from FCC Form 601 Schedule M will be displayed and the licensee will be allowed to change the date. This process must be repeated for each link that is amended."

- On page 42171, second column, remove the *Notice* paragraph at the end of Section IV, "Filing and Regulatory Fees" and insert the following paragraph to read: "*Notice: New fee rates will be effective August 10, 2004. For filings on or after August 10, 2004, applicants and licensees must check the Wireless Telecommunications Bureau Fee Guide for the current fees.*"²¹
