

In addition, to complete this study it is necessary to conduct surveys of cattle, hog, and lamb producers, feeders, dealers, meat packers, meat processors, food wholesalers, food retailers, food service operations, and meat exporters. Participation in the surveys will be voluntary. Surveys will be mailed, with initial and follow-up contacts by telephone. The surveys will collect information on terms and frequency of use of alternative marketing arrangements; volume of livestock and meat transferred with alternative marketing arrangements, pricing methods for livestock and meat; reasons for using alternative marketing arrangements; and the effects of alternative marketing arrangements on costs and efficiencies, product quality, and risk shifting. The survey question will be targeted to the appropriate industry segment to reduce burden.

All data collection requests will include a pledge of confidentiality and the data will be collected exclusively for statistical purposes consistent with the provisions of the Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA). In addition, the transactions data collected from meat packers and processors (part 1) will be subject to the confidentiality restrictions in the P&S Act.

[Docket No. 46-2003]

Pepsi-Cola Manufacturing International, Ltd.—Subzone 61J, Cidra, Puerto Rico; Application for Expansion of Scope of Manufacturing Authority Amendment of Application

Notice is hereby given that the application by the Puerto Rico Exports Development Corporation (68 FR 54888, 9-19-2003), grantee of FTZ 61, on behalf of Pepsi-Cola Manufacturing International, Ltd. (PCMIL), operator of FTZ 61J, requesting an expansion of the

scope of manufacturing authority to include additional finished products and manufacturing capacity under FTZ procedures at the PCMIL soft drink and juice beverage concentrate manufacturing plant, has been amended to alter the proposed scope of authority regarding the use of foreign-origin orange juice and grapefruit juice concentrates. As a result of consultations with interested parties within domestic industry, PCMIL has amended the proposed scope of authority regarding foreign ingredients by indicating that all foreign-origin orange juice and grapefruit juice (classified under HTSUS Heading 2009) to be used in the manufacture of juice beverage concentrate products under FTZ procedures would be admitted to Subzone 61J under privileged foreign status (19 CFR 146.41), thereby deleting inverted tariff savings on these products from the proposed FTZ benefits. The application remains otherwise unchanged.

A copy of the amended application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the Franklin Court Building—Suite 4100W, 1099 14th Street, NW., Washington, DC 20005. The comment period is reopened until October 6, 2004.

Dated: September 2, 2004.
