SUPPLEMENTARY INFORMATION:

Background

On June 3, 2004, NMFS published a proposed policy addressing the role of hatchery produced Pacific salmon and *O. mykiss* in ESA listing determinations (69 FR 31354; "proposed hatchery listing policy"). The proposed hatchery listing policy would supersede NMFS' 1993 Interim Policy on salmonid artificial (hatchery) propagation (58 FR 17573; April 5, 1993), which requires revision following the 2001 U.S. District Court ruling in *Alsea Valley Alliance v. Evans* (161 F. Supp. 2d 1154, D. Oreg. 2001; appeal dismissed, 358 F.3d 1181 (9th Cir. 2004); *Alsea* ruling). The *Alsea* ruling held that NMFS had made an improper distinction under the ESA by not listing certain artificially propagated salmon populations determined to be part of the same ESU as listed natural populations. Under the proposed hatchery listing policy: hatchery fish with a level of genetic divergence relative to local natural populations that is no more than would be expected between closely related populations within the ESU would be included as part of the ESU; within-ESU hatchery fish would be considered in determining whether the ESU should be listed under the ESA; and within-ESU hatchery fish would be included in any listing of the ESU. NMFS applied this proposed policy in conducting its

comprehensive review of ESA listing status for 26 previously listed ESUs, and one candidate ESU, of West Coast salmon and *O. mykiss*.

Extension of Public Comment Period

Several requests were received to extend the comment period for the proposed hatchery listing policy. The original comment period for the new policy was September 1, 2004, but has recently been extended to October 20, 2004 (69 FR 53039) to allow additional opportunity for public comment (see **DATES** and **ADDRESSES**).

Public Hearings

Joint Commerce-Interior ESA implementing regulations state that the Secretary shall promptly hold at least one public hearing if any person requests one within 45 days of publication of a proposed regulation to list a species or to designate critical habitat (see 50 CFR 424.16(c)(3)). In order to provide the public an opportunity to provide public comments on the new hatchery listing proposal, NMFS will be holding six public hearings in California at the specific dates and locations listed below:

(1) September 22, 2004; 6:30-9:30pm at the North Coast Inn, 4975 Valley West Blvd., Arcata, CA 95521

(2) September 23, 2004; 6:30-9:30pm at the DoubleTree Hotel Sonoma Wine Country, One DoubleTree Drive, Rohnert Park, CA 94928

(3) September 28, 2004; 6:30-9:30pm at the Best Western Hilltop Inn, 2300 Hilltop Drive, Redding, CA 96002

(4) September 28, 2004; 6:30-9:30pm at the Monterey Beach Resort, 2600 Sand Dunes Drive, Monterey, CA 93940

(5) October 12, 2004; 6:30-9:30pm at the Radisson Hotel Sacramento, 500 Leisure Lane, Sacramento, CA 95815

(6) October, 12, 2004; 6:30-9:30pm at the Fess Parker's DoubleTree Resort, 633 East Cabrillo Blvd., Santa Barbara, CA 93103

NMFS has scheduled these hearings to allow affected stakeholders and members of the public the opportunity to provide comments directly to agency staff during the comment period. However, these public meetings are not the only opportunity for the public to provide input on this proposal. The public and stakeholders are encouraged to continue to comment and provide input to NMFS on the proposals (via correspondence, e-mail, and the Internet; see **ADDRESSES**, above) up until the scheduled close of the comment period on October 20, 2004.
