

SUPPLEMENTARY INFORMATION: Notice is hereby given that, in a letter dated September 3, 2004, the President declared a major disaster under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121–5206 (the Stafford Act), as follows:

I have determined that the damage in certain areas of the Commonwealth of Virginia, resulting from severe storms, flooding and tornadoes associated with Tropical Depression Gaston beginning on August 30, 2004, and continuing, is of sufficient severity and magnitude to warrant a major disaster declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121–5206 (the Stafford Act). I, therefore, declare that such a major disaster exists in the Commonwealth of Virginia.

In order to provide Federal assistance, you are hereby authorized to allocate from funds available for these purposes, such amounts as you find necessary for Federal disaster assistance and administrative expenses.

You are authorized to provide Individual Assistance in the designated areas, Hazard Mitigation throughout the Commonwealth, and any other forms of assistance under the Stafford Act you may deem appropriate subject to completion of Preliminary Damage Assessments. Consistent with the requirement that Federal assistance be supplemental, any Federal funds provided under the Stafford Act for Hazard Mitigation and the Other Needs Assistance under Section 408 of the Stafford Act will be limited to 75 percent of the total eligible costs. If Public Assistance is later warranted, Federal funds provided under that program will also be limited to 75 percent of the total eligible costs.

Further, you are authorized to make changes to this declaration to the extent allowable under the Stafford Act.

The time period prescribed for the implementation of section 310(a), Priority to Certain Applications for Public Facility and Public Housing Assistance, 42 U.S.C. 5153, shall be for a period not to exceed six months after the date of this declaration.

The Federal Emergency Management Agency (FEMA) hereby gives notice that pursuant to the authority vested in the Under Secretary for Emergency Preparedness and Response, Department of Homeland Security, under Executive Order 12148, as amended, Marianne Jackson, of FEMA is appointed to act as the Federal Coordinating Officer for this declared disaster.

Title: Passengers with Disabilities Customer Satisfaction Survey.

Type of Request: New collection of information.

OMB Control Number: Not yet assigned.

Form(s): Passengers with Disabilities Customer Satisfaction Survey.

Affected Public: Passengers with disabilities and disability advocates.

Abstract: TSA intends to conduct an anonymous, voluntary passenger satisfaction survey distributed by TSA screeners to passengers with disabilities at the conclusion of the screening process. The survey will be self-addressed and postage-paid so that the passenger can return it to TSA at their convenience. Alternatively, passengers may return the survey directly to a TSA screener, if they choose to complete it at the airport. TSA will also distribute surveys to advocacy groups that have worked with us to develop the standard operating procedures for screening passengers with disabilities. These groups will distribute surveys to their members to be returned to TSA. Passengers also will have the option of accessing a Web-based version of the survey and completing it online. Feedback from surveys completed online will be available at TSA. The survey will seek feedback on TSA's standard procedures for screening (1) Passengers with hearing, vision, mobility, and hidden disabilities, as well as other medical conditions, and (2) the assistive devices, equipment, aids, and supplies accompanying passengers in each category. TSA will use the results to evaluate and improve service to passengers with disabilities.

Number of Respondents: 30,000.

Estimated Annual Burden Hours: 5,000.

Estimated Annual Cost Burden: \$0.00.

TSA is soliciting comments to:

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.
