Certain Corrosion-Resistant Carbon Steel Flat Products from Canada: Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, U.S. Department of Commerce.

SUMMARY: In response to timely requests, the U.S. Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on certain corrosion-resistant carbon steel flat products (CORE) from Canada for the period August 1, 2002, through July 31, 2003. The Department preliminarily determines that sales were made to the United States at less than normal value (NV) by Stelco Inc. ("Stelco"). If these preliminary results are adopted in our final results of this administrative review, we will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on entries of Stelco merchandise during the period of review. The Department preliminarily determines that sales were not made to the United States at less than NV by Dofasco Inc. and Sorevco and Company, Ltd. (collectively "Dofasco"). If these preliminary results are adopted in our final results of this administrative review, we will instruct CBP to liquidate without regard to antidumping duties entries of Dofasco merchandise during the period of review. The preliminary results are listed in the section titled "Preliminary Results of Review," *infra*.

EFFECTIVE DATE: September 13, 2004.

FOR FURTHER INFORMATION CONTACT:
