ADDRESSES: Written comments should be sent to Rick Hanks, California Coastal National Monument, 299 Foam Street, Monterey, CA 93940 or by Fax at (831) 647-4244, or e-mail at cacnm@ca.blm.gov.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to our mailing list, contact Rick Hanks, California Coastal National Monument, 299 Foam Street, Monterey CA 93940 or telephone (831) 372-6115 or e-mail at cacnm@ca.blm.gov.

SUPPLEMENTARY INFORMATION: The CCNM was established by Presidential Proclamation on January 11, 2000, under the discretionary authority given to the President of the United States by Section 2 of the Antiquities Act of 1906 (34 Stat. 225, 16 U.S.C. 431). The purpose of the CCNM, as stated in the Presidential Proclamation, is to protect "all unappropriated or unreserved lands and interest in the lands owned or controlled by the United States in the form of islands, rocks, exposed reefs, and pinnacles above mean high tide within 12 nautical miles of the shoreline of the State of California." The Presidential Proclamation tasked the Secretary of the Interior, through the BLM with the ultimate responsibility for ensuring protection and providing long-term management of the CCNM.

The CCNM consists of more than 20,000 rocks and small islands situated within an offshore area of more than 14,600 square nautical miles that stretches the entire length of the 1,100 miles of the California coastline. The CCNM, however, totals no more than 1,000 acres of exposed surface area. The CCNM does not include Santa Catalina and the other Channel Islands (although it does include some of the rocks associated with the Channel Islands), the Farallon Islands, the islands of San Francisco Bay, or rocks and islands under the jurisdiction of the military, National Park Service, Fish and Wildlife Service, Forest Service, or other landowners. The CCNM is within the jurisdiction of five BLM California field offices and adjoins or borders on 10 California State Park district offices, 11 California Department of Fish and Game's Marine Division field offices, six National Park Service units, a variety of military properties (including Vandenberg Air Force Base), 15 California coastal counties, and dozens of municipalities, as well as being above four National Marine Sanctuaries and the subsurface responsibilities of the

USDI Minerals Management Service and the California State Lands Commission.

During the initial scoping process for the plan, eight public meetings were held in towns and cities along the California coast (*i.e.*, Trinidad, Elk, Bodega Bay, Monterey, Santa Barbara, Laguna Beach, and San Francisco) in order to solicit input for use in the development of the draft plan. Based on the direction provided in the Presidential Proclamation, comments received during the scoping process, and input from the multi-agency/organization interdisciplinary team overseeing the development of the CCNM planning effort, five issue areas were identified for analysis in the Draft RMP/Draft EIS. The Draft RMP/Draft EIS examines four alternatives that respond to these issues. The issues include the following: (1) How will biological resources be protected? (2) How will cultural, geologic, and visual resources be protected? (3) How will BLM coordinate its CCNM planning and management activities to be consistent with the numerous jurisdictions that have existing plans and policies associated with the Coastal Zone? (4) How will people's activities and uses along the coast be affected by management of the CCNM? and (5) What programs, facilities, infrastructure, and partnerships are needed to provide the public with interpretive and educational material regarding the values and significance of the CCNM? Alternative A is the No Action Alternative (*i.e.*, continuation of existing management condition). Alternative B, C, and D present a range of management scenarios with varying amounts of natural resource protection and focus and differing levels of recreation/interpretation actions and facilities. Alternative B is the Preferred Alternative. Alternatives C and D are variations in management approaches from Alternative B.

Please note that comments, including names and street addresses of respondents, are available for public review and/or release under the Freedom of Information Act (FOIA). Individual respondents may request confidentiality. Respondents who wish to withhold names and/or street address from public review or from disclosure under FOIA, must state this prominently at the beginning of the written comment. Such requests will be honored to the extent allowed by law. BLM will not consider anonymous comments. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials or organizations or businesses, will be

made available for public inspection in their entirety.

Copies of the Draft RMP/Draft EIS have been sent to affected Federal, tribal, State, and local government agencies, and to interested publics and are available at the California Coastal National Monument headquarters at 299 Foam Street, Monterey, CA. In addition, copies of the Draft RMP/Draft EIS may be viewed at the following BLM offices: California State Office, Information Access Center, 2800 Cottage Way, Sacramento, CA; Arcata Field Office, 1695 Heindon Rd., Arcata, CA; Ukiah Field Office, 2550 North State St., Ukiah, CA; Hollister Field Office, 20 Hamilton Court, Hollister, CA; Bakersfield Field Office, 3801 Pegasus Drive, Bakersfield, CA; Palm Springs/South Coast Field Office, 690 W. Garnet Ave., North Palm Springs, CA; and California Desert District Office, 22835 Calle San Juan de Los Lagos, Moreno Valley, CA. Information regarding additional viewing opportunities may be announced through public notices, media news releases, mailings, and/or the project Web site at http://www.ca.blm.gov/pa/coastal_monument/. The Draft RMP/Draft EIS and associated documents may be viewed and downloaded in PDF format at the CCNM Web site at cacnm@ca.blm.gov.

Dated: March 25, 2004.

J. Anthony Danna,

Deputy State Director, Natural Resources.

BILLING CODE 4310-40-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[AK-921-1410-BK-P]

Alaska: Notice of Filing of Plat of Survey

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of filing of plat of survey.

SUMMARY: The Bureau of Land Management (BLM) Alaska State Office, Anchorage, Alaska, officially filed plats of survey for the following described lands on the date indicated below.

ADDRESSES: This survey has been placed in the open files in the Alaska State Office and is available to the public as a matter of information. All inquiries relating to these lands should be sent to the Alaska State Office, Bureau of Land Management, 222 West Seventh Avenue, #13, Anchorage, Alaska 99513-7599.

FOR FURTHER INFORMATION CONTACT:

Daniel L. Johnson, Chief, Branch of Field Surveys, (907) 267-1403.

SUPPLEMENTARY INFORMATION: The plat representing the retracement, dependent resurvey and subdivision of sections 2-7, 9-21, and 27-34, the retracement and dependent resurvey of portions of U.S. Survey Nos. 3729, 3770, 3790, 3799, 4440, 4046, and 4117, the retracement of portions of private Land Survey Nos. 71-55, 74-577, 79-11, 80-2, 80-8, 80-18, 81-10, 81-17, 81-18, 82-9, 82-13, 82-22, 83-40, 84-9, 84-19, 87-6, 93-32, 96-7 and 98-15, an unrecorded private Land Survey dated July 22, 1997, the partition line of U.S. Survey No. 4046, and the retracement and survey of portions of the meanders in Township 8 North, Range 71 West, Seward Meridian Alaska, and the plat representing the retracement, dependent resurvey and subdivision of sections 1-4, 9-17, 20-27, 35 and 36, the retracement and dependent resurvey of portions of U.S. Survey Nos. 3729, 4117 and 4383, the retracement of portions of private Land Survey Nos. 79-11, 81-12, 83-42BS, 95-11, 96-18, 96-20, 96-23, 97-17, 98-3, 98-9, 2000-16 and a 1989 unrecorded plat in sections 14 and 15 in Township 8 North, Range 72 West, Seward Meridian Alaska, and accepted on March 18, 2004 and officially filed July 29, 2004.

This survey was prepared at the request of the BLM, Division of Geomatics and Cadastral Services, and will immediately become part of the basic record for describing lands for all authorized purposes within these townships.

Daniel L. Johnson,

Chief, Branch of Field Surveys.

BILLING CODE 1410-BK-M

DEPARTMENT OF JUSTICE

National Institute of Corrections

Solicitation for a Cooperative Agreement—Production of Ten Satellite/Internet Broadcasts

AGENCY: National Institute of Corrections, Department of Justice.

ACTION: Solicitation for a cooperative agreement.

SUMMARY: The Department of Justice (DOJ), National Institute of corrections (NIC), announces the availability of funds in FY 2005 for a cooperative agreement to fund the production of ten satellite/Internet broadcasts. Five of the proposed programs are nationwide

satellite/Internet broadcasts (three hours each). One is eight hours in length. The other four are satellite/Internet Training Programs: two of the four are site coordinator/facilitator training (Training for Trainers) sessions. The site coordinator precursor modules will contain eight hours of satellite/Internet training split over two days. The remaining two training programs are content-driven programs, 32 hours in length. For the 32-hour program, there will be 16 hours of live-broadcast satellite/Internet training over four days (supplemented by 16 hours of off-air activities directed by our trained site coordinators). There will be a total of 71 hours of broadcast time in FY 2005.

DATES: Applications must be received by 4 p.m. on Wednesday, October 20, 2004. They should be addressed to: Director, National Institute of Corrections, 320 First Street, NW., Room 5007, Washington DC 20534. Applicants are encouraged to use Federal Express, UPS, or similar service to insure delivery by the due date. Hand delivered applications can be brought to 500 First Street, NW., Room 5007, Washington DC 20534. The security desk will call Germaine Jefferson at (202) 307-3106, and 0 for pickup. Faxed or e-mailed applications will not be accepted.

FOR FURTHER INFORMATION: A copy of this announcement and the required application forms can be downloaded from the NIC Web page at <http://www.nicic.org> (click on "cooperative agreement.") Hard copies of the announcement can be obtained by calling Rita Rippetoe at 1-800-995-6423, ext. 44222, or by e-mail at rrippetoe@bop.gov. Any specific questions regarding the application process should be directed to Ms. Rippetoe. All technical and/or programmatic questions concerning this announcement should be directed to Ed Wolahan, Corrections Program Specialist, at 1960 Industrial Circle, Longmont, Colorado 80501, or by calling 800-995-6429, ext. 131, or by e-mail at ewolahan@bop.gov.

SUPPLEMENTARY INFORMATION:

Background: Satellite/Internet Broadcasting is defined as a training/education process transpiring between trainers/teachers at one location and participants/students at other locations via technology. NIC is using satellite broadcasting and the Internet to economically reach more correctional staff in federal, state and local agencies. Another strong benefit of satellite delivery is its ability to broadcast programs conducted by experts in the correctional field, thus reaching the

entire audience at the same time with exactly the same information. In addition, NIC is creating training programs from its edited 24- and 32-hour satellite/Internet training programs that will be disseminated through the NIC Information Center.

Purpose: The purposes of funding this initiative are:

(1) Produce five three-hour satellite/Internet broadcasts, disseminating current information to the criminal justice community;

(2) Produce one eight-hour satellite/Internet broadcast that will train participants on how to implement the Prison Rape Elimination Act. This will consist of 4 hours each day with a one hour break after two hours of programing.

(3) Produce two eight-hour training sessions for site coordinators/facilitators. These sessions will train facilitators from each registered site concerning the outcomes expected and the knowledge and skills needed to facilitate the broadcast and off-air activities for the two training programs described in paragraph (4) below;

(4) Produce two satellite/Internet training programs, 16 hours in length, that respond directly to the needs identified by practitioners working in the criminal justice arena. Each 16-hour satellite/Internet training session will be delivered on four hours each day from Monday through Thursday.

Scope of Work: To address the scope of work for this project, the following will be needed:

1. *Producer Consultation and Creative Services:* The producer will: (a) Consult and collaborate with NIC's Distance Learning Manager on program design, program coordination, design of field segments and content development; (b) work with each consultant/trainer to develop their modules for delivery using the satellite/Internet format and/or the teleconference format; (c) help develop scripts, graphic design, production elements and rehearsals for each module of the site coordinators' training and the satellite/Internet training programs; and (d) use their expertise in designing creative ways to deliver satellite teleconferencing. The producer will also be responsible for attending planning meetings and assisting in the videotaping of testimonials at conferences.

2. *Pre-Production Video:* The producer will supervise the production of vignettes to be used in each of the three-hour satellite/Internet broadcasts, as well as each 16-hour satellite/Internet training program. NIC presenters (content experts) will draft outlines of the scripts for each vignette. From the
