Foreign-Trade Zones Board

[Docket 42-2004]

Foreign-Trade Zone 230—Guilford, Forsyth, Davidson and Surry Counties, NC, Application for Manufacturing Authority, Diebold, Inc. (Automated Teller Machines); Lexington, NC

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Piedmont Triad Partnership, grantee of FTZ 230, requesting manufacturing authority within the general-purpose zone for the manufacturing and warehousing facilities of Diebold, Inc. (Diebold), located in Lexington, North Carolina. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-

81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 16, 2004.

The Diebold facility (135 employees) is located within Site 1 of FTZ 230, the Lexington Business Center, located at Hargrave Road and Business Interstate 5, Lexington, Davidson County. The facility will be used for the manufacturing and warehousing of automated teller machines (HTS 8472.90, duty-free). Components and materials sourced from abroad (representing 8-38% of all parts consumed in manufacturing) include: Card readers, dispensers, slide assemblies, power supplies, passbook printer modules, assy-cd's, printers, cables, legend sets, encrypted pin pads, upper unit cash modules, safes, acceptor modules, keytops, vandal shields and screens, monitors, cassette recyclers, recyclers and ribbons (HTS 7007.29, 8302.42, 8303.00, 8471.60, 8473.40, 8504.40, 8537.10, 8544.41, 9612.10 duty rate ranges from duty-free to 7.9 %).

FTZ procedures would exempt Diebold from Customs duty payments on the foreign components used in export production. The company anticipates that some 40 percent of the plant's shipments will be exported. On its domestic sales, Diebold would be able to choose the duty rates during Customs entry procedures that apply to finished ATM's (duty-free) for the foreign inputs noted above. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ staff has been appointed examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at one of the following addresses:
