**Marine Mammals; NMFS Permit No. 764-1703-01; USFWS Permit No. MA068532**

**AGENCIES:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce; U.S. Fish and Wildlife Service (USFWS), Interior.

**ACTION:** Issuance of permit amendment.

**SUMMARY:** Notice is hereby given that The National Museum of Natural History, Department of Systematic Biology, MRC 108, P.O. Box 37012, Washington, D.C. 20013-7012 [Charles Potter, Principal Investigator], has been issued an amendment to scientific research permit No. 764-1703-00.

**ADDRESSES:** The amendment and related documents are available for review upon written request or by appointment in the following office(s): See **SUPPLEMENTARY INFORMATION**.

**FOR FURTHER INFORMATION CONTACT:** Ruth Johnson or Jennifer Skidmore, (301)713-2289.

**SUPPLEMENTARY INFORMATION:** On October 9, 2003, notice was published in the **Federal Register** (68 FR 58316) that a request for a joint NMFS/USFWS scientific research permit to collect, obtain, and import/export samples taken from marine mammals of the Orders Pinnipedia, Cetacea, Sirenia; and Carnivora (marine and sea otters) had been submitted by the above-named organization. The permit amendment has been granted under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR parts 18 and 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered

and threatened species (50 CFR parts 17 and 222–226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

On February 5, 2004, a permit was issued to take only those species under the jurisdiction of the NMFS. This permit amendment allows The National Museum of Natural History to salvage and collect, import/export samples, whole carcasses, hard and soft parts from the above mentioned species that are under USFWS jurisdiction, including polar bear that were inadvertently omitted from the original **Federal Register** notice. No live animal takes are authorized.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Issuance of this amendment, as required by the ESA, was based on a finding that such permit: (1) was applied for in good faith; (2) will not operate to the disadvantage of such endangered species; and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

## SUPPLEMENTARY INFORMATION:

**Authority:** Section 213(b)(2)(A)(v)(II) of the CBERA, as added by Section 211(a) of the CBTPA; Section 6 of Executive Order No. 13191 of January 17, 2001.

## Background:

The CBTPA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns or fabrics formed in the United States. The CBTPA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more CBTPA beneficiary countries from fabric or yarn that is not formed in the United States, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures that it will follow in considering requests. (66 FR 13502).

On September 20, 2004, the Chairman of CITA received a petition on behalf of Jaclyn, Inc. of New York, alleging that certain circular single knit jersey fabric, of the specifications detailed below, classified HTSUS subheading 6006.34.00.80, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the CBTPA for certain apparel articles that are cut and sewn in one or more CBTPA beneficiary countries from such fabric.
