

completion of the prior period of research; and (2) lender verification of the crediting of prior loan repayments, including the resulting account balances and current account status. - Health Education Assistance Loan (HEAL);
- Health Professions Student Loan (HPSL);
- Loans for Disadvantaged Students (LDS); and

The following loans are not repayable under the Loan Repayment Program for Pediatric researchers:

(1) Loans not obtained from a U.S. or other domestic government entity, domestic academic institution, or a commercial or other chartered U.S. lending institution, such as loans from friends, relatives, or other individuals, and non-educational loans, such as home equity loans;

(2) Loans for which contemporaneous documentation (current account statement, and promissory note or lender disclosure statement) is not available;

(3) Loans that have been consolidated with loans of other individuals, such as a spouse or child;

(4) Loans or portions of loans obtained for educational or living expenses, which exceed a reasonable level, as determined by the standard school budget for the year in which the loan was made, and are not determined by the LRP to be reasonable based on additional contemporaneous

documentation provided by the applicant;

(5) Loans, financial debts, or service obligations incurred under the following programs, or other programs that incur a service obligation that converts to a loan on failure to satisfy the service obligation:

(7) PLUS Loans;

(8) Loans that have been paid in full; and

(9) Loans obtained after the execution of the NIH Loan Repayment Program Contract (*e.g.*, promissory note signed after the LRP contract has been awarded) (this provision does not apply to qualifying loan consolidations).

Before the commencement of loan repayment, or during lapses in loan repayments, due to NIH administrative complications, Leave Without Pay (LWOP), or a break in service, LRP participants are wholly responsible for making payments or other arrangements that maintain loans current, such that increases in either principal or interest do not occur. The LRP contract period will not be modified or extended as a result of Leave Without Pay (LWOP) or a break in service. Penalties assessed participants as a result of NIH administrative complications to maintain a current payment status may not be considered for reimbursement.

LRP payments are NOT retroactive. Loan repayment for Fiscal Year 2005 will commence after a loan repayment contract has been executed, which is expected to be no earlier than July 2005.
