SUPPLEMENTARY INFORMATION: The site to be deleted from the NPL is: Dubose Oil Products Superfund Site, Cantonment, Florida.

A Notice of Intent to Delete for this site was published August 4, 2004, 69 FR 47072. The closing date for comments on the notice of Intent to Delete was September 3, 2004. The EPA received no comments.

The EPA identifies sites that appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action in the future. Section 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.
